

FRESH FRUIT  
DRAFTS ARE  
REFUSED BY  
BANKS

Dried Fruit Policy To  
Be Decided This  
Afternoon  
WILL ACCEPT  
PAPER TODAY  
Clearing House Says  
Position Was Not  
Made Clear

All of the banks of Fresno refused yesterday to accept any bills of lading or bank guarantees on fresh fruit shipments, except in a few instances where cars had been rolling for four or five days. The action of the banks was in accordance with a resolution passed by the Fresno Clearing House association on Tuesday afternoon.

Dried fruit paper was accepted and will be accepted today. A decision on the disposition of dried fruit drafts after today will be made at a special meeting of the clearing house association this afternoon, when reports will be received on the possibility of a railroad strike on November 1.

The action of the banks in refusing fresh fruit drafts yesterday resulted in announcement by local shippers that they would no longer be able to advance money for growers on shipments, but would be compelled to ask growers to wait until collections are made in the East.

The situation resulting from the action of the clearing house Tuesday afternoon resulted in two sessions of the clearing house yesterday, one being held in the morning and the other in the afternoon.

The sessions were called to correct an announcement of the clearing house, that acceptance of dried fruit drafts would be discontinued today. Stand on Fresh Fruit.

After the meeting in the afternoon, a statement issued by all of the members of the clearing house, was given out in which it was stated that the "report of the action taken by the clearing house on Tuesday concerning dried fruit drafts was unfortunate in that it did not clearly state the attitude of the clearing house, except in the resolution adopted at the meeting referred to."

The statement said that "all that was decided at the meeting was that the banks would continue to take drafts as usual until Thursday."

When it was pointed out that the statement given out was in direct variance with the action taken on Tuesday with reference to fresh fruit drafts, it was stated that the clearing house yesterday refused fresh fruit drafts. It was stated that the signed statement issued yesterday, referred only to dried fruit drafts and that the reference contained therein to fresh fruit should be disregarded.

Text of Statement.

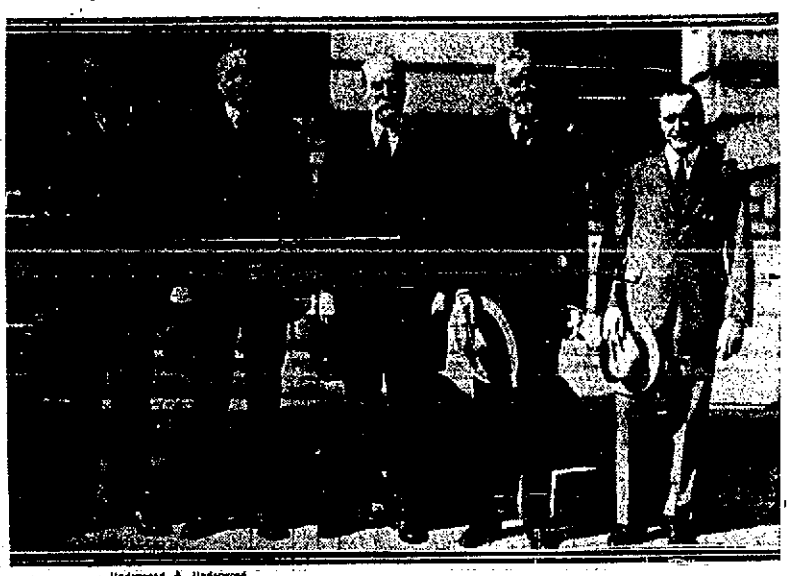

The statement in full follows:

The newspaper report of the action taken by the Fresno Clearing House on Tuesday concerning the acceptance of green and dried fruit drafts was unfortunate in that it did not clearly state the attitude of the Clearing House, expressed in the resolution adopted by it at the meeting referred to.

The inevitable result of fruit in transit which would result from a railroad strike at this time, of which threatened action the banks have just been advised by local dispatches, raised a serious question as to how the operations of our large shippers, including the California Raisin Growers' association, and the California Peach Growers, and of our farmers generally would be financed, and it was decided to investigate the situation as soon as possible with a view to determining the probabilities of a strike. All that was decided at the meeting was that the banks would continue to take drafts as usual until Thursday, the 25th, on which date a further meeting would be held and a definite policy would be followed by the banks. It was not decided.

FOUR DEPUTIES  
ARE GIVEN TO  
SHERIFF JONES

Gonser Reverses His  
Previous Position in  
Matter

Asks Supervisors To  
Reconsider Action  
of Saturday

On the motion of Supervisor N. P. Gonser of Lemoore, the board of supervisors yesterday unanimously voted to grant Sheriff W. P. Jones the power to deputize four extra men for service in the Coalinga strike area. Gonser, at a meeting on Saturday, voted against the request of Jones making impossible the appointment of the deputies. According to him, the unanimous vote of the board is needed.

In opposing the granting of the deputies, Gonser stated that the condition of the oil fields did not warrant such action. On Tuesday Gonser called at the ranch of Chairman Clark Jorgensen to ask that the board meet so that the vote could be reconsidered. Jorgensen was not at home and it was necessary to wait until yesterday before action could be taken.

When the board met yesterday, Gonser asked that the motion for the appointments of the deputies be reconsidered. Supervisor Johnson made the motion and it was unanimously carried. Gonser then got in his feet and moved that the application of Sheriff Jones be not only reconsidered but also that the board should be authorized to appoint deputies to take the place of the men who could be sent to the strike area.

It is understood that only three deputies are to be appointed and that the fourth will be used as a day and expenses for their services, it was stated. The board authorized their appointment for two weeks.

In a spirit of cooperation with the judges stated that they would discontinue the services of bailiffs in all except criminal cases so that the men could be sent to the strike area.

Gonser stated that he would appoint detectives, paying them out of the funds authorized for his office, for service in Coalinga.

PORTUGUESE  
GOVERNMENT  
OVERTHROWN

LONDON, Oct. 19.—The Portuguese government has resigned as a result of a successful military movement without bloodshed, says a Reuters dispatch from Lisbon.

A new ministry will probably be formed with the ex-revolutionists, M. M. Coelho as premier.

A military movement against the Portuguese government broke out in Lisbon yesterday (Wednesday), according to a Vips dispatch to the London Times. The troops seized strategic positions in the city and environs.

SAYS PEACE OF  
WORLD DEPENDS  
ON CONFERENCE

Briand Declares Meeting  
Must Be Made  
Success

Urges Reduction of  
Military Burden on  
Countries

By The Associated Press.  
PARIS, Oct. 19.—The Washington conference must be made a success; the peace and tranquility of the world requires it, said Premier Briand in an address today at a luncheon of the Anglo-American Press Association.

COMPROMISE  
TAX MEASURE  
IS UNDER FIRE

Republican Evasion Is  
Charged By Senator  
Underwood

Declares Taxes of U. S.  
Will Be Increased by  
Bill

WASHINGTON, Oct. 19.—The compromise tax revision bill was assailed today in the Senate by Democrats and Republicans.

Senator Underwood of Alabama, Democratic leader, characterized the measure as the worst presented to Congress. No one understood it, he declared, except the few treasury experts who drew it, and he predicted that the bill became a law the courts would be several years in interpreting it.

Charging Republicans with a failure to be candid with the American people, he said they were trying to have it go out that taxes were to be reduced, when as a matter of fact they would be increased through operation of the administrative provisions of the revenue measure and the proposed American valuation plan in the tariff bill.

Senator Moses, Republican, New Hampshire, paid his respects to the committee bill, and also to the amendments sponsored by the majority. He said the bill was a "Kaiser Bill," a play on the names of Senators Keating, of Iowa, and Capper of Kansas, leaders in the bill.

HOLD ECONOMIC  
CONDITIONS IN  
ENGLAND  
BAD

Lloyd George Announces  
1,750,000 Persons  
Unemployed  
GOVERNMENT  
PROPOSES AID

Report Slow Revival in  
Important Industries  
of Nation

LONDON, Oct. 19.—The situation in England regarding trade and unemployment is worse than at any time since the end of the Napoleonic wars, declared Prime Minister Lloyd George in the House of Commons today.

At present, he said, there are 1,750,000 persons unemployed, and added that the greatest unemployment, to the extent of 17 per cent, was in the metal trades.

He declared that the causes for this situation could all be summed up in one word—war.

As part of the government's plan of alleviating the situation, the government proposed to ask parliament for an appropriation of another \$300,000 to enable ex-service men to emigrate to the dominions, whether he said \$50,000 already had settled with government assistance.

Turning to the question of trade, Lloyd George said there were no doubt signs of revival in some of the most important industries in the country, but that there were very important industries which were not showing signs of revival. He said it was true that trade was beginning to move, but that a man would predict a return to normal conditions at an early date. He added that the government proposed to amend the export credit scheme.

Mr. Lloyd George declared it was certain that neither the exporter or importer could build upon an "aerobasis of exchange." It was proposed, he said, to raise the guarantee to traders from 50 to 100 per cent, and to fix a minimum for each firm to be determined by an advisory committee.

The export credit scheme was that it should apply to exporters whose production was not destroyed by the war, but that it was proposed to extend it to other countries, including those of the British empire.

The premier also said the cost of production was too high, and that a second difficulty was that of raising capital for some enterprises. He declared the government proposed to guarantee the payment of interest on loans in the amount of \$25,000,000 to be raised for the purpose of carrying out capital undertakings, providing employment or for the purchase of raw materials and machinery.

The government also proposed, he said, to allocate \$10,000,000 for the assistance of relief work, forestry and land drainage.

Mr. Lloyd George proposed for the establishment within six months of a fund for dependents of workers, who are receiving unemployment benefits, and who have no other means of support.

These grants would be subject to a maximum limit of nine shillings a week at the weekly rate of 10 shillings for the wife and child. For each child the grants would be obtained by a compulsory levy upon contributors to the unemployed insurance fund as follows:

U. S. AMBASSADOR  
HERRICK'S HOUSE IN  
PARIS IS BOMBED

Believe French Communists Are  
Responsible

By The Associated Press.  
PARIS, Oct. 19.—A small package wrapped in white paper with a red cord and marked "performance" lay on a table in the American embassy all this morning.

It was addressed to the American Ambassador Myron T. Herrick, and had been received by registered post. Thinking it a gift, the ambassador's secretary, Lawrence Norton, carried it to the ambassador's residence at 15 Avenue de Messine. Early this evening, the ambassador's maid, Blanchard, saw the package on a desk and started to open it. Removal of the paper revealed a small notebook box. Almost immediately a spring was released and as he lifted the lid, Blanchard, who formerly was a member in the British army, heard a familiar noise. He hurled the box through the bathroom door and ran.

The bomb exploded in the doorway, two fragments hitting him in the chest and leg, seriously injuring him. The ambassador's daughter-in-law, Mrs. Pamela Herrick and her seven year old son were ascending the stairway. Blanchard came running out as the ambassador reached the door.

"A bomb has exploded and I am hurt," he shouted.

"Thank God, you were not in the room,"

Blanchard collapsed and was carried down stairs. The ambassador rushed immediately to the Hotel Carlton to ask General Pershing the best thing to do and the prefect of police was summoned.

The bomb is believed by the police to have been sent by French communists as a protest against the conviction of two communists in the United States charged with murder; it contained a deadly explosive, according to the police.

The bathroom was wrecked, most damage was done in the bedroom and seven fragments went through a thick steel wardrobe, while others made deep dents in the metal doors of a cabinet.

The ambassador's first thought was to ignore the matter, but General Pershing and others advised him to make the full story public, because of the possibility of other bomb outrages.

President Millerand was among the first to congratulate the ambassador on his escape. Mr. Herrick, who is recovering from his wounds, is being cared for by French military doctors.

The committee which was sent by every Frenchman worthy of the name and that the greatest efforts would be made to apprehend the guilty.

Express indignation.

CONFERENCE ON  
RAIL WALKOUT  
IS SET FOR  
TODAY

Will Attempt to Effect  
Settlement of  
Dispute

MEETING WILL  
GOVERN ORDER

Believe "Big Five" May  
Cancel Instructions  
to Workers

By The Associated Press.  
CHICAGO, Oct. 19.—Preparations for the various moves through which it is hoped the threatened rail strike will be averted were completed today, and tomorrow peace efforts will be in full swing.

Tonight heads of the unions and of the railroads were sharply at odds with figuratively speaking, one eye on the conference tomorrow between the railroad and labor leaders and the other on meetings of officials of eleven unions which have not yet joined the conference.

From an and settlement in a strike which would mean the loss of the railroads, the final decision as to whether a general walkout of rail employees would be materialized.

In the conference with the labor board, the board of directors of the railroad industry, which actually started today, was to be decided whether the balance of power through numbering three-fourths of the nearly 2,000,000 rail workers in their membership, would join the "big five" if they walked out.

W. E. Stone, president of the Brotherhood of Locomotive Engineers, W. C. Lee, president of the Brotherhood of Railroad Trainmen, W. S. Carter, president of the Brotherhood of Sleeping Car Porters, and W. E. Miller, president of the United Brotherhood of Carpenters and Joiners of America, were the "big five."

Mr. Herrick was anxious that all the other American railroads be included in the conference, but the attitude of the "big five" was to keep the conference as small as possible, to prevent any possibility of similar outrages in the past.

The conference in London, Tuesday, and the conference in Chicago, Wednesday, were the only ones held.

While the conference was looked on as the most important of the peace moves, railroad men tonight professed to see signs of a peaceful settlement of the strike.

The shop crafts executive council met today but took no action other than to call in the conference committee, which is expected to meet tomorrow.

The maintenance of way executive council met only informally today, the formal meeting coming tomorrow.

"I cannot speak for my entire organization now, but personally I wish we do not want a strike, that we want to see the strike settled, and that we will not go into any walkout with the railroads unless we have definite promises of cooperation which we have not been forthcoming from them," said J. C. Smock, maintenance of way vice president, tonight.

Mr. Jewell repeated his statements that the labor board will go into conference with assurance of full support from every interested governmental department. Its members said tonight following an executive session. One member intimated that he believed the board had found a legal method of enforcing its ruling. However, the board has maintained its attitude of no power to carry out its decisions.

PRESIDENT HARDING IS  
HONORED BY COLLEGE

Delivers Address from S. pot. Where  
Surrendered, Annoucing Anglo- Amer-  
ican Friendship Policy

WILLIAMSBURG, Va., Oct. 19.—President Harding was given the honorary degree of doctor of laws by the College of William and Mary today at exercises of installation of Dr. J. C. Chandler as president of the institution. In cap and gown, Mr. Harding in an address, repeated for increased patriotic attention to the national educational system, and lauded the part played in American history by the institution, which is the second oldest college of the country.

Before coming here, the President delivered an address from the spot in Yorktown where Lord Cornwallis surrendered in 1781 and announced a policy of Anglo-American friendship for all future time.

The United States and Great Britain, he asserted, had conceived a long time friendship by association in the common sacrifice of the world war and found themselves "arrayed together" in a friendship for the preservation of civilization. He spoke also a word of gratitude for the aid given by France in the revolution and declared there had come for world-wide co-operation and unity among nations.

That part of the Yorktown speech devoted to British-American relations was in the form of a brief declaration of policy on which the President did not elaborate.

Delegates were present at the Wil-

TWO MEN HURT  
IN AUTO WRECK

Truck Forced Off Road  
Crashes Into Pole

SPECIAL TO THE REPUBLICAN.  
BENTON, Oct. 19.—A. N. Biedeman and Gordon Millington of this city were seriously injured about 5:15 this afternoon when the truck in which they were riding ran off the highway north of this city and crashed into a telephone pole. Biedeman was thrown about 20 feet and his other leg, breaking three ribs, wrenching his left knee and bruising his left leg. Millington suffered a broken pelvic bone.

According to the stories of the injured men, Biedeman was driving and his truck, coming south, was forced off the highway by A. I. Corbett, who in said to have cut in between the truck and another car coming north on the highway. The truck was heavily damaged but the other car escaped.

LOS ANGELES WARM  
LOS ANGELES, Oct. 19.—The thermometer at the United States weather bureau here registered 78 degrees at noon today. This, it was stated, was the hottest October day in Los Angeles since 1855 when 102 degrees was recorded.

CHOOSE MAYOR  
FOR SAWTELLE

Municipal Officials Are  
Elected

LOS ANGELES, Oct. 19.—Sawtelle, whose annexation to Los Angeles recently was annulled by the state supreme court, today had a mayor and other municipal officials elected before a reorganization of city government at a mass meeting of citizens last night.

W. A. Abbott was chosen for the office of mayor. He is a resident of the city and has been a member of the city council for several years.

It was announced the new city would maintain its public schools, although Mark Koppel, county school superintendent, stated it was planned to seek annexation of Sawtelle to Los Angeles for school purposes only.

Sawtelle has a population of about 11,000 and is approximately ten miles from Los Angeles.

Open Episcopal  
Church Meeting

ST. LOUIS, Oct. 19.—The synod of the Missouri conference of the Episcopal church opened here today with administration of communion by the Right Rev. Daniel S. Tuttle of this city, presiding bishop of the Episcopal church in America. Bishops who either will preside or speak at the conference include W. T. Capers, western Texas, and F. D. Howland, New Mexico.

STATE HOME  
PROBE TO BE

Order Investigation of  
Conditions After  
Report

Matron Makes Charge of  
Immorality in  
Letter

SACRAMENTO, Oct. 19.—"Charges involving the management of the Sonoma state home for feeble-minded children, made by a letter from the matron, have been presented to Governor William D. Stephens, and turned over to Ralph T. Fisher, superintendent of the state institutions, with instructions to start an immediate investigation. It was announced today at the office of Governor Stephens.

The charges were filed yesterday afternoon by Major F. E. Haver of Oakland, a member of the board of managers of the Sonoma home, who, after a conference at the governor's office, presented them to the director of the state institutions.

The charges deal with alleged immorality at the Sonoma home, but also include charges of neglect and of the existence of a combine to prevent worthy applicants from obtaining positions at state institutions, even though they pass the state examination and are certified for service.

These charges have been presented through Major F. E. Haver, a member of the board of managers of the Sonoma home, who, after a conference at the governor's office, presented them to the director of the state institutions.

SIX NURSES ILL  
FROM POISON

Investigation Conducted  
By Police

CHICAGO, Oct. 19.—A search for the source of a box of poisoned candy responsible for the critical illness of six nurses at the West End hospital was being conducted today by police inspectors.

The box came through the mail addressed to the West End hospital, a 17-year-old student nurse, it contained home made "fudge" an analysis of which by Dr. H. D. Vail, laboratory expert of the institution, was said to show that suppositional candy was poisoned with all of the candy.

In the box was a typewritten note bearing the following inscription:

"From a patient who was an ardent admirer. This candy was faithfully made."

The girl, involved six other nurses to share the candy with her, and within a few minutes all of them became ill.

It was said the authorities had found two brothers, each of whom had paid attention to Miss Rosenfeld. The authorities said that each claimed he was engaged to the girl.

DESIRE FOR FREEDOM  
OF PRESS IS OUTLINED

Declare International and Domestic Problems  
Crowded from Papers by Many Scandal  
Cases Involving Prominent People

HOUSTON, Oct. 19.—Discussions of the actions of the Press Commission on the topic of how far is the freedom of the press desirable, reliable, accurate, newsworthy and sound financial confidence and sound financial support.

Editor Frederick Lawson, assistant managing proprietor of the London Daily Telegraph, speaking in favor of a resolution for a reduction in press rates, said that the world's press had been largely from international misunderstandings, the surest remedy for which is greater knowledge of each other. The surest bond of sympathy among nations would be the exchange of news and information.

"Colonel Lawson continued:—Disenfranchisement in itself is nothing. What have you accomplished by limiting the means of fighting? You cannot hate the man you know. Only the absence of a sufficient quantity of free, cheap news would have the elements in every nation to foster prejudices rather than to promote good understanding, although they know the danger, to which it may lead—war."

He honestly believed our journalists have no convention of our power to secure world peace.

HEAT SETS RECORD

SANTA BARBARA, Oct. 19.—With a temperature of 38 degrees, Santa Barbara today is experiencing her hottest October day in a number of years.

LOS ANGELES DROPS  
LOS ANGELES, Oct. 19.—One of the three army balloons which ascended from Ross field at Arcadia, near here, late yesterday in a 24-hour altitude and distance race, landed early today in Alamogordo bay, about 10 miles from the starting point, according to reports received here.

It was reported that the balloon was towed in ashore. The other balloons were believed to be still aloft.

These charges have been presented through Major F. E. Haver, a member of the board of managers of the Sonoma home, who, after a conference at the governor's office, presented them to the director of the state institutions.

A special price for these three days—come in ages 2 to 12 years.

## PRESS ATTACKS OREGON RULE

Charges Congress With Incompetency

MEXICO CITY, Oct. 19.—President Obregon's administration was subjected to scathing criticism today in an editorial printed by the newspaper *El Universal* and signed by its editor, Felix P. Palavicini. The journal declares Congress is incompetent and that there is little hope that anything good may come from it.

"The foreign relations department has failed," the editorial declared, "and everyone knows that a visit it is for Mexico to lack the friendship of the United States, England and France."

The newspaper asserts, "The result is a scarcity of the prime necessities of life. The right to property has disappeared in Mexico, and the land is no longer a valid title. Land is of no value in Mexico and there is no agricultural credit. If this is a communist state, then we should amend our laws to conform."

Temperature in

San Francisco High

SAN FRANCISCO, Oct. 19.—The maximum temperature was recorded officially here today at 8 degrees, one point higher than yesterday's high point, according to weather bureau officers. The heat wave, due to a high barometric pressure overlying most of central and southern California, is scheduled to continue, according to the forecaster, through tomorrow.

An absence of constant winds here and south of here throughout the day sent the temperature up to points higher than usual, Los Angeles reporting 98 degrees and points in western Arizona to 100 degrees and above, records showed.

Two Chinese Are

Killed in Outbreak

STOCKTON, Calif., Oct. 18.—What appears to be another long outbreak has resulted in the death of two Chinese near this city in two days. Yick Taw, who is not believed to be a long man, this afternoon remained in his cabin in Camp 13 of the Levi Tract, 7 miles west of Stockton in the delta region, because of illness.

All of the other employees, including the cook, had gone into the fields to work. Upon their return to the camp this evening they found Taw's body riddled with bullets.

Tuesday, Young Kee, another employee, was shot and killed by one of three Chinese, who were seen to drive up to the camp in a high powered automobile.

## Discuss Sale of Cuban Sugar Crop

HAVANA, Cuba, Oct. 19.—Sale of Cuba's sugar surplus as quickly as possible on the best available terms, and a reduction in the 1921-22 crop, were discussed today at a conference with President Zayas by the Federal Sugar Finance commission and representatives of the Cuban sugar industry.

While no definite agreement was reached, the conference is believed to have resulted in the abandonment of the sugar "interests" campaign to abolish the commission and a determination to cooperate in solving the crisis in the sugar industry.

## REFUSE FRESH FRUIT DRAFTS

Dried Fruit Policy to Be Decided Today

(Continued From Page 1.)

The intention of the clearing house or of any member bank to create the impression that drafts would be refused after that date.

It is unnecessary to say that the banks of Fresno will do all in their power to finance the operations of shippers and growers and they will continue to do so as they have always done unless a strike actually intervenes to prevent the movement of fruit.

Payments Not Affected.

The railroad strike, should it come, will not interrupt delivery payments by the dried fruit associations. According to officials of the California Associated Raisin Company and the Peach and Fig Growers.

"We do not anticipate trouble. We shall continue to make payments to growers as usual, five cents per pound for peaches, three cents for white raisins, and four cents for California raisins."

For the raisin company, F. A. Seymour, assistant to the president said.

"The association has made arrangements that will enable us to make payments to growers on delivery of raisins as provided by our contract even should the strike become serious."

## CONFERENCE ON WALKOUT SET

Will Attempt to Effect Settlement

(Continued from Page 1.)

Stations and unions and railroads each have charged the other with violating the board's rulings.

Without announcement.

The board had no announcement to make tonight as to its procedure tomorrow other than to say that the situation "would be gone over thoroughly."

It was understood, however, that a plan similar to that proposed by the public group in Washington—calling for acceptance of the last wage cut and cancellation of the strike order by the men, with the roads immediately reducing freight rates and temporarily postponing further wage cuts—would be the basis of discussion.

Board members admitted they realized that the board really was fighting for its life and that much of its future depended on its ability to handle the situation.

In connection with the possibility of this conference averting a strike, it was pointed out, however, that many railroads have announced positively that the public group proposal is impossible, in their opinion, while few labor leaders have expressed very warm approval of it.

In this connection S. O. Dunn, editor of *Railway Age*, issued a statement tonight following a conference with local rail heads denouncing the plan as "involving a complete surrender by the roads to the labor unions."

The statement said "labor leaders' opposition to the plan was a bluff, as it was exactly what the unions want."

Possibility of immediate steps to bring about a labor board hearing on the proposed 10 percent wage cut which the roads recently announced they would seek, was reported in rail circles, but locally no action yet has been taken.

Informal meetings of presidents of railroads entering Chicago are being held almost daily, however, and it was said definite answers would be made shortly.

To Seek Men.

Presidents of railroads centering here have not yet decided for men to man the trains in case of a strike, as has been done in New York, but this action also will be taken within a few days, it was said.

At the informal meetings plans of combating the strike have been discussed, but it was said no complete final method had yet been adopted.

Recall of all men on pension, appeals to the public to help run trains, ultimatum to the unions that men who do not return to work within a specified time after the walkout will be virtually blacklisted and distribution of circulars among the men pointing out that they lose their seniority if they lose their seniority.

## Asks Economy in Federal Reserve

WASHINGTON, Oct. 19.—The Federal Reserve board "as the core of the business of the country" should give an example in rigid economy instead of standing as an instance of wild extravagance, John Skelton Williams, former controller, declared today in a letter to Chairman Anderson of the joint congressional commission for agricultural inquiry. The letter was in the form of a reply to that of Governor Harding of the Federal Reserve board defending salary schedules of certain reserve banks.

IRA ABBOTT DIES

HAVENHILL, Mass., Oct. 19.—IRA A. Abbott, who was associate justice of New Mexico under its territorial government, died at his home here yesterday. He was first appointed to the New Mexico bench by President Roosevelt in 1904 and was re-appointed by President Taft, serving until 1912. He was 76 years of age.

rights are some of the steps contemplated, rail heads said.

Railroad officials professed to be little concerned about their yard forces on announcement that thirty locals of the Railroad Yardmasters Association had voted to stick. At the same time, J. F. Welsh, an organizer for the seamen's union, hinted that the railroads need not look to coastwise shipping lines to move passengers stranded by the strike. He said members of the union would refuse to man coastwise vessels in the event of a railroad strike.

Do It by a Touch. Such Pains Are Needless Now

YOU can stop any corn pain instantly. You can remove any corn in short order.

You can do it in a way so gentle that you'll forget the corn.

The method is Blue-jay—liquid or plaster. A touch applies it. Then the whole corn soon loosens and comes out.

Blue-jay is made in a world-famed laboratory. It is modern, scientific, right. It is fast displacing former methods, harsh and crude.

Tonight thousands of people will apply Blue-jay—why not you? Watch it end a corn for you. Try it tonight.

## TRY MINISTER FOR MURDER

Charged With Killing Priest

BIRMINGHAM, Ala., Oct. 19.—Rev. E. R. Stephenson, Methodist minister, charged with second degree murder in connection with the killing of Father J. E. Coyle, a Catholic priest, testified in his own defense today.

Father Coyle, it has been alleged, was shot by Mr. Stephenson because of the latter's belief that his daughter Ruth was being wooed away by the Catholic church.

On the day of the shooting, the witness said, he believed she had run away but he was unaware she had married Pedro Gutierrez, a Catholic.

Rev. Stephenson testified that he had not intended going to the rectory until he had seen Father Coyle sitting on the porch. The priest struck him, he said, the blow following his characterization of Father Coyle as a "dirty dog" on being informed that the priest had affiliated at the marriage of his daughter to a Catholic.

A second blow from the priest knocked him down, the witness con-

## Bramfield Case in Hands of Jury

ROSEBURG, Ore., Oct. 19.—Just two weeks after the trial of Dr. R. M. Bramfield began the case was tonight in the hands of the jury for decision whether the dentist killed Dennis Russell on the night of July 13 and left his headless body under a wrecked and burning automobile.

Final arguments were delivered today and Judge G. G. Bingham gave the jury instructions. The day was marked by the reiterated demand of the prosecution for the death penalty, and the assertion by Bramfield's counsel that the state had failed to prove that there had been a murder, or that Bramfield had committed it.

Dexter Rice in the closing statement of the defense, advanced a theory that Dennis Russell had been killed by occupants of one of the cars which were seen racing on the highway the night of July 13, that Dr. Bramfield had picked up the body to carry it to town and that the wreck had occurred on the way.

"We know," Rice went on, "that the defendant was riding down that road that night and on his way back and in the crazed condition of his brain, he may have seen that body lying there and picked it up, put it in his car and started home with it."

He asserted that while down the road he was kicked in the side.

"The priest put his hand toward his pocket," he said, "I could not see whether he had a pistol or not. When he did this I fired."

## Accidental Death Verdict Returned

Mrs. Flora Felker of Sacramento was accidentally killed two miles north of Fowler Tuesday afternoon when she was hit by an automobile according to a jury verdict returned yesterday afternoon after Governor John G. Latham had conducted an inquest. The car which hit Mrs. Felker was driven by Dr. Henry Ehlers of Fowler. The accident happened when she stepped in front of the car while crossing the highway preparatory to placing a board underneath a lamp to remove a tire from her automobile.

Mrs. Felker is survived by one son, Clarence Miller of Sacramento, three daughters, Miss Elsie Miller, Mrs. R. L. Murphy of Sacramento, and Mrs. Leola Shemate of Bakersfield.

Arlo & Rees shipped the body to Sacramento last night for funeral services and burial.

## Shannon Is Witness in Oakland Court

United States Deputy Marshal J. Shannon left for Oakland last night where today he will be a witness in the California case against George Ryan and five others charged with conspiring to violate the criminal syndicalism law in the state of California. The case, according to Shannon, is the first one to be tried under this law enacted at the last session of the state legislature.

CASE IS DISMISSED

Assault with a deadly weapon charges against A. Kolarian were dismissed by Judge George W. Smith yesterday after Kolarian and co-defendants Samuel J. Gueydan and E. Mesple had reconciled their differences. After Gueydan and Mesple had each filed charges against Kolarian, Kolarian retaliated by filing similar charges against them according to court authorities.

### PROPAGANDA

Much has been made of the alleged effort of groups of San Francisco women to overawe the courts of San Francisco to secure prompt and severe punishment of Arbuttle. Papers hither and thither have made much of this "insult" to the law and abuse of the integrity of the courts.

We have refrained from commenting on this situation, because we have in fact agreed that this sort of "influence" upon courts is unwise.

Yet we cannot help being cynical about the chorus of disapproval that has been heard.

There has been a loud cry for the "integrity" of the courts. By whom? For the most part by people who are interested in the inefficiency of the courts rather than in the effective operation of laws against crime.

We have had outcries by people whose concern for the "dignity" of courts is much more concerned with the formal manners of the court than with the accomplishment of the purpose for which courts are established.

As far as propaganda is concerned, the propaganda of defense is just as objectionable as the propaganda of prosecution.

We have a just rule of law that no man is "held" to be guilty until proper "proof" has been made. We know in fact that a man's guilt or innocence does not depend at all on the showing. The showing is a requirement to conviction and punishment.

There would be no courts unless there was guilt. The very fact of establishing courts is a legislative acknowledgment of the frequent fact of guilt.

The court is established for the purpose of determining the truth of particular charges. It should go without saying that a man is not to be punished until he has been shown guilty. But it is absurd to hold that there is no crime until a showing has been made. The fact of crime is presumptive. And public opinion has a right to take cognizance of a frequent occurrence of crime.

So we cannot feel righteously indignant over an effort of citizens to put an end to a state of crime, even though we still hold that any particular accused has a right to have his guilt shown.

The attorneys who make public speeches in defense of their clients accused of serious crimes are engaged in just as reprehensible procedure as are the propagandists who seek to convict persons.

The right to an assumption of "innocence" does not extend outside of court. We know facts about ourselves and about others without waiting for a court verdict.

The limitation that we put upon our judgments of others should be largely independent of court verdicts. It should be regulated by good sense and by good feeling. We do not believe in idle scandal. But we do have methods of arriving at reasonable conclusions that are independent of court records.

The use that is made by either the prosecution or the defense to "work" public opinion, should be reprehended. We should not have bullying of courts, by either side. We should not have undignified appeals to public opinion, by either side, to influence a particular verdict.

But we should have an active public opinion directed toward an ending of a state of crime.

Otherwise the money we spend on courts is quite wasted.

### COMMUNISTS ERUPT

The firmness of our confidence in public justice has never in the history of the world been more important than now.

It is important at a time when there is the greatest conflict of policy between groups of citizens, upholding various theories of public procedure.

It is of the utmost importance that there shall be no interference with a proper verdict on these great issues, by the promotion of private crime.

It is intolerable that the question of the adequacy of the courts of the United States or the justice of the functioning of any one court should be submitted to the hazard of a shooting in Milan or a bombing in Paris, or anywhere.

Resort to violence is always an extreme indication of a vicious relation between the courts and the people with whom they must deal. Occasionally the wrong is with the courts, as frequently it is with the people that the courts have to deal with.

Just as carelessness on the part of parents may result in viciousness in children, so indifference on the part of a whole people may result in viciousness in spots in the mass of people.

If as a whole we are so indifferent to the right or wrong methods of our courts, we may have a state of affairs in which all our courts are questioned, good and bad.

When conditions reach such a state, of course stern measures must be taken to root out the disease, no matter what explanations of its spread we may realize. No matter what may be the ground reasonable or unreasonable, for the demonstrations in Italy or France against the action of a Massachusetts court, we must uphold the operations of our courts.

We must give the communists of Italy to understand that the question of communism is not an issue in the treatment of our courts. They must understand that the courts of the United States have a duty to enforce the laws of the United States. The people of the United States have a right to change those laws. The people of Italy have not. The people in the United States who favor a communist form of society have a right to proceed in an orderly manner to bring about a state of communism. But they have no right to interfere in the operations of the courts or the enforcement of the law. And the people of Italy of no party have any right

to an operative opinion on the workings of our courts. They may theorize as they please. They have no right to do anything about it.

We must uphold our courts. And we must know that our courts are working right. We must know that our courts are not being used to suppress anything but illegal actions. We must know that our courts are not being used to interfere with private rights, or with the proper spread of political inquiry.

And knowing these things, we will have the confidence in our courts that will make them unquestioned forces for peace everywhere within our nation. We can leave to the law making powers to deal with the formation of new policies. The courts must enforce the old, old policy of equal justice.

### ANTI-KLAN QUILTS

The organization that was formed recently in Illinois, with a nationwide purpose, to fight with fire the fire of the Ku Klux Klan, has decided to drop its proposals and continue in existence, if at all, with the general benevolent intention of preaching the gospel of brotherly love and mutual tolerance openly.

As we felt that the original purpose of the society was nearly if not quite as objectionable as the Ku Klux Klan, we are glad to see that the plan has been found infeasible.

Except in very rare instances, fire should not be fought with fire. It should be fought with water.

The antidote for the Ku Klux Klan is to show the evils that attend such an organization and to show how to end, as quickly as possible, in an orderly way, the evils that the Ku Klux Klan is supposed to avert.

The evils of the Klan are all to be summed up in the one phrase, "secret procedure against persons who are not members of the Klan."

It is legitimate to attempt to influence the actions or the living of other persons, in a public way, through the orderly method of law that we have determined. It is illegitimate to attempt to influence the lives of persons, or their actions, through secret proceedings, of which the victims have no notice, or to try to bring about public results through private efforts to which the persons affected have no notice.

So, we objected to the proposed anti-Ku Klux Klan, formed to fight the Klan, just as much as we objected to the Klan, formed, it is alleged, to fight certain evils in a secret way. The way to promote "Americanism" is to work for it, in the open. The way to uphold our free American institutions, is to work for them, in the open. The way to have an immigration policy, is to campaign for it before the people and have it adopted, by Congress. The way to prevent crime, is to educate the public against crime, and to punish in the courts, offenses against the criminal laws.

The way to secure more efficient proceedings against crime is to educate the public in a better organization of the courts, a more workable code of laws, and a more active basis of public opinion to back up the laws.

There is no need in our public policy for either a Klan or an anti-Klan.

### Zoning Gives Protection

From The Kansas City Star

What property owner, or what person about to invest in a residence or a business building in Kansas City would not like to have the assurance of the protection of his property for the next ten or twenty years from some unexpected encroachment? What home owner in a residential district would not like to be assured that an apartment house or a meat market would not be permitted next door? What owner of a store building would not like protection against the intrusion of some undesirable manufacturing industry?

Hundreds of millions of dollars of property values are lost in American cities every year because of unsystematic development of cities; because hit and miss growth is permitted. It has been found possible to avoid most of this waste by studying a city's needs and planning ahead. It is just as easy to lay off districts for residences and reserve certain convenient sections for business, as it is to let business houses scatter through the residential districts and depreciate property values.

The recent word, zoning, means protection to property. Its aim is to protect and stabilize property values, while at the same time providing for the necessary changes that the development of a growing city involves.

The city planning commission has worked out a zoning scheme for Kansas City. The plan is to be submitted to the people for suggestion before it is sent to the council. It is a measure of the first importance to the city and deserves general attention.

### The Houses

Marjorie Charles Driscoll, in Leslie's.

Across the street the hill runs high.  
The hill runs high and steep.  
And up the narrow twists road  
The little houses lie asleep.

Their roofs are drawn down like brows.  
Their window eyes are all shut tight.  
They sleep so soundly all day long.  
And then they wake up, just at night.

I watch the lights begin to show,  
And up, as far as I can see,  
The houses open all their eyes  
Across the street, and look at me.

It may be added that one half of the matrimonial partnership seldom knows how the other half lives.

The ad writer who said: "You remember the quality, you forget the price," wasn't talking about war.

Every once in a while you find an old-fashioned preacher who still persists in preaching about religion.

### AUTOMOBILE WARNINGS

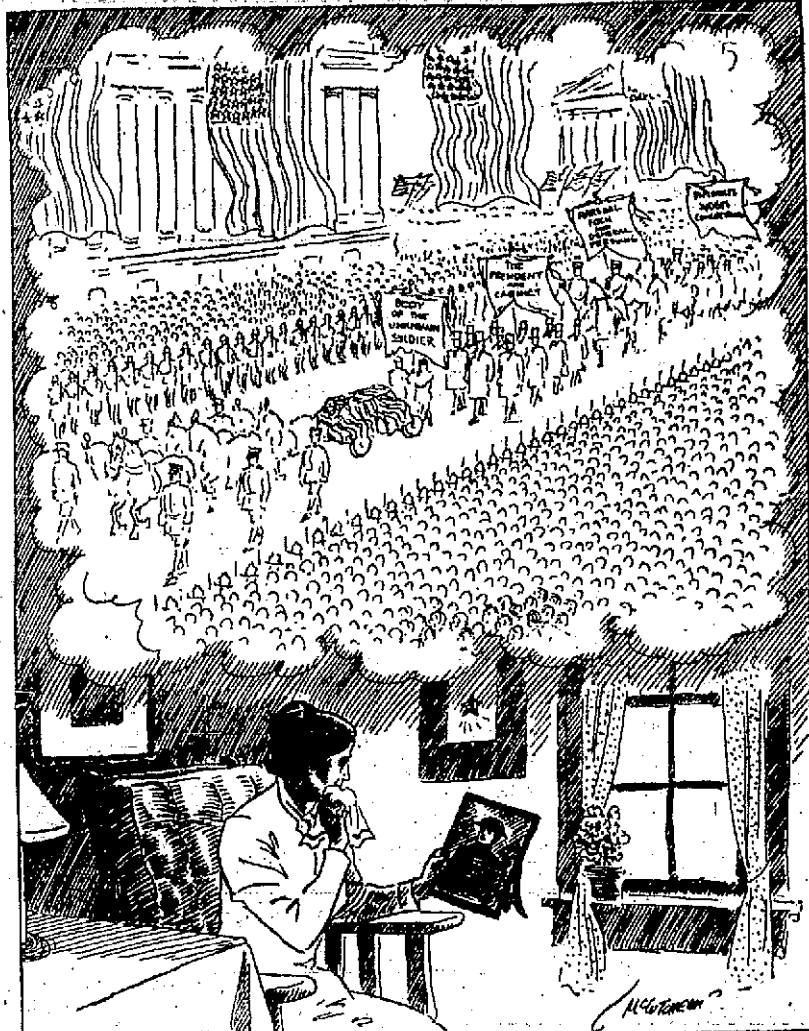

#### Turning Within the Block

Turning in the middle of the block in the residential district is a common practice with some motorists. This puts the auto driver in the same class with the "jay-walker" in the business district. In the instance of the pedestrian down town, the person walking takes all the chance of injury. In the case of the "jay-walker" automobile, the driver takes a chance with himself, with his automobile, and with other individuals and cars that are moving on the street.

Some day the police department will have sufficient traffic men to spare one or two to the residential district for other offenses than speeding. When that time comes the "jay-walker" automobile driver should be taught a lesson.

By John Blake

#### How Much Do You Owe Tomorrow

Look over your debts on your daily balance sheet. How much do you owe tomorrow?

Nothing perhaps. Then it is a new day, the whole of which you can devote to work for your future and recreation, through which you get enjoyment out of life as you go along.

Perhaps again, you owe it four or five hours you have borrowed today or last week, by leaving undone some task that must be done by 8 o'clock tomorrow night. Then either part of the working time or part of the recreation time is gone. They must go to pay the debt. It is a pretty good plan to keep square with tomorrow right along.

It may bring new tasks and new uses for time that you don't know anything about.

It may bring new opportunities. All opportunities are brought by some tomorrow or other.

If you have to spend all or part of it paying with your labor and time for dead horses, the new tasks will not be done, and the new opportunities will knock at your door in vain.

You will be too busy paying off the old debt to heed either of them.

But if you are all square—if you owe nothing, tomorrow may be the turning point in your life.

Very important things, with a critical hearing on our lives, can happen in a few hours, or in a few minutes, for that matter.

If one of them is going to happen tomorrow it will pay to have the time account opened so there will be the minutes or the hours that you need for it.

Most of the night and the Sunday toll that all men expend could be cut to a minimum if we never borrowed from tomorrow.

Let us do—right along.

It is a bad and an improvident habit. We can cure it if we try, but we must try very hard, for of all the habits that fix themselves on our backs like the Old Man of the Sea, the habit of procrastination is the most persistent and deadly.

Keep the balance sheet under your eye all the time.

And if you find tomorrow figures as a debtor, pay it off and do it today.

Then you won't get out of bed with a load on your mind in the morning, but with an easy conscience, and a feeling that you at last are in a position to accomplish something.

### Fresno's Yesterdays

Taken from the Files of the FRESNO REPUBLICAN

#### Forty Years Ago Today

William Jacobs, a member of the well known firm of Luck & Co., San Francisco, was in town this week, purchasing fruit for his house. While here he contracted for the entire raisin crop of T. C. White and Miss M. P. Austin of the Central California colony. J. F. Wharton has recently been appointed U. S. circuit court commissioner for this district. The appointment was something of a surprise to Mr. Wharton, he having had no intimation of any intention on the part of the court to make the appointment.

On Friday evening a grand complimentary concert will be given to Prof. D. C. Smith at Metropolitan Hall by the Fresno band and a number of his friends. The professor's personal popularity and acknowledged abilities as a leader and conductor of public amusement is a guarantee of a full house. All lovers of music should attend.

#### Twenty Years Ago Today

H. Markham, the poker, is in San Francisco on business. Mrs. Mary M. Brown is home again after an absence of several months spent in visiting her sons in Pueblo and Trinidad, Colorado.

Rev. Harvey S. Hanson, of St. James Episcopal church will go to San Francisco tomorrow in such along with the new bunch so as to have it ready for consecration next Sunday.

#### Ten Years Ago Today

Making an appeal to the masses for their help to better the condition of the slums of the world, and relating incidents that had been brought to her notice, and telling of the sufferings of the poor of the United States, Miss Eva Booth, commander of the Salvation Army of the United States last night addressed a large crowd at the Burton Opera House.

Miss Lewer of the hard-boiled egg. He will get fresh.

Students of world politics are aware that the effect of law on the body is to increase the output.

### LETTERS TO THE EDITOR

#### Reapportionment Plan Once More

Editor Republican: I note by news item in your issue of October 11th that a recent conference of representatives of Commercial organizations from the San Joaquin and Sacramento valleys unanimously adopted an amendment to the state constitution which they believe should be presented to the people of the state by initiative limiting the representation of centers of population in the state Senate.

The proposed amendment as I understand it provides that each county in the state shall be represented by one senator, provided however that no senator shall represent less than ten thousand population.

The purpose of this amendment is to prevent the possibility of the control of both houses of the legislature at any future time by "big" representatives of centers of population.

While I agree fully with the purpose of this proposed amendment and recognize the necessity for some action being taken on the matter of this time, I am not yet convinced that, in order to accomplish the desired result, it will be necessary to adopt or accept another even though lesser evil, namely to increase the membership of the Senate and create a possible changing membership for that branch of the Legislature now would be done by the amendments accepted by the conference of commercial representatives, and if such a course is unnecessary it certainly is unwise and undesirable.

Then again the proposed amendment would create a large number of new senators, and the division of counties into districts under the census of 1920 from 16,000 in the smallest possible district to about 1,000,000 in the largest.

It is not necessary in my opinion to create so wide a disproportion in population of districts in order to accomplish the desired result and if necessary this is also unwise and undesirable.

I believe a provision limiting the reapportionment any county may have in the Senate to say, four senators and leaving the membership of the Senate undisturbed by dividing the county into districts would accomplish the result sought more satisfactorily.

Under such a plan and the census of 1920 Los Angeles, San Francisco and Alameda counties would get four senators each, comprising in all 12 districts and the other 28 districts made up of the other counties of the state would be nearly 6,000 population each, practically being the same number as the members of the population of the state exclusive of Los Angeles, San Francisco and Alameda counties by 23.

It might be necessary to limit any one county's representation in the Senate to three or even two and apportion the balance of the state accordingly, but to increase the membership of the Senate and make of that body one of changing number at every census would be a bad commercial secretaries proposed amendment is I repeat, in my opinion, unnecessary, unwise and highly undesirable.

I would certainly be unfortunate in present to the people by initiative an amendment so unsatisfactory in some of its effects unless absolutely necessary to incorporate such undesirable features in order to accomplish the desired result.

I am convinced that we are not reduced to the necessity of choosing between evils in this matter and it is to be hoped that the conference which is to be called in Fresno later will be able to reach a more satisfactory amendment just as satisfactory as

#### major results and less unsatisfactory in minor effects.

I believe with you Mr. Editor, as expressed in an editorial on this subject in your issue of October 16th that this issue should in no degree be a sectional one but should be worked out by representatives from all parts of the state in the interest of all the people.

I am sure the thinking people of the state be they rural or urban will readily recognize the necessity for such an amendment to our constitution.

CHAS. W. CLARKE,  
Assemblyman 56th District.

#### Says Weeping Eczema Cured

Editor Republican: I see in Sunday's issue of The Republican, the testimony that Mrs. Lena Turner of this city recovered the use of her feet at Mrs. McPherson's meetings at San Jose. I wish to bear witness to the fact that many other marvelous miracles, as I was present and knew Mrs. Turner before she went to San Jose, and we attend the same church here in Fresno.

Mrs. McPherson does not claim power herself in healing, but gives Jesus Christ all the praise and glory. Her only desire and aim is to see souls saved and men and women accept Jesus Christ as their savior and healer.

I was afflicted with weeping eczema on my hands for over one year and could not wash my dishes or do my family washing. I tried every remedy prescribed by doctors, druggists and friends, but failed them to cure. But Jesus Christ, when I was appointed and prayed for, according to James 5:14, by one of Mrs. McPherson's helping ministers, which proved to be Hebrews 13:8, my sore hands began to heal and in a few days the sores and scales loosened and came off like dandruff.

I now do my washing and everything which demands soap and water without the use of bandages or rubber gloves. All praise and glory come to Jesus Christ.

If Mrs. McPherson comes to our city, she will be a blessing and God send to many of our dear sick and suffering ones. And it will mean a better community to live in. May we stand as one and love this good thing along. Most sincerely yours,

MRS. ANNA M. NYGREN,  
2041 Yale Ave., Fresno.

#### WHY VALMEE NEEDS \$5,000,000

From The New York World

Dr. Angell is to be congratulated on the generous response of Yale alumni to his call for \$5,000,000. It will be much thought given to President Angell's explanation that this additional fund was necessary to carry out the provisions of other gifts. The more you have the more you need.

#### BOOZE IN ALMA MATER

We fear that if all the facts were known about the conditions in many American colleges since national prohibition was enacted they would reflect too little of that reverence for law which is supposed to be one of the fundamental teachings of the higher education. A college faculty cannot control the instincts and habits of all its students. It can, however, define its own position and purpose clearly and courageously as the Wesleyan president did. Our colleges ought to be the last places in the land in which the drinking habit is winked at or looked upon as a minor misdemeanor.

"Do you have housing problems in 'rimson Gulch?" asked the tederfoot professor.

"No," replied Cactus Joe. "When the place gets overcrowded the boys become irritable and hostile to a degree that just naturally compels the surplus population to go somewhere else."

Clomeneau unveiled his own statue in Paris and cast his hat into the political ring again, hotly denouncing his enemies. Thus the French tiger's himself again, whether the Tiger truly is or not.

### Powerful Shooting

"It is enough to say that any one who has dealt with distant government in big business, will say at once how cumbersome, immobile, inefficient, unprogressive, bureaucratically, irresponsible, disorganized, self-sufficient, self-conceited, and autocratic such a government inevitably becomes. It is elephantine and labyrinthine and many unutterable things. Exchange.

When-en-c-u-ugh!

And that settles that—

Or should.

If distant government

In big business

Gets its eye on that

I wouldn't wonder

If the distant storms

That Mister Bonnett,

Our weather man,

Tells us about

Are not being caused

By the sudden rush

Of big business

In those places

To find some hole

Wherein to hide.

That enormous gun

That the Germans used

To shoot up Paris

From a hundred miles away

Was a peashooter

Compared to this ammunition

That I've just been reading

In a weekly contemporary,

As the saying is.

Isn't it piled high, folks,

And wide and thick

And in nice rows

For easy-like handling?

And isn't the boom,

Or as the user

Of all this ammunition.

Would be like to call it.

The reverberation,

A bully boom—

Or splendid reverberation;

And don't the air,

Or the ambient atmosphere

Seem shattered?

It's some biff

For big business

In distant places.

I'll tell the world that.

And it'll have to be

Mighty far distant

In those loads

Can't reach it—

And skwop it,

But it must be hard

On the poor guy

Who does the shooting.

I mind very well

A long, long time ago

When I'd sneak off

With a muzzle-loader

Belonging to grand-dad

And the powder horn

And the bag of bullets

And the ducks would be flying

## JUROR DENIES THAT HE SLEPT

Replies to Charges of Lee Yick Defense

Stating that he was placed in a most embarrassing position, Ed Pickett, who was alleged by Defense Attorneys M. K. Harris and Herbert McDowell to have slept while Judge R. L. Strother was reading instructions to the jury in the Lee Yick case, yesterday indignantly denied the accusation in a public statement.

Pickett made an affidavit to the effect that while he was a member of the jury which convicted Yick of murder in the first degree, he did not sleep while the court was reading instructions. Following is the statement given out by Pickett:

"Much to my surprise upon my return to Fresno from an extended trip into the mountains, I found that I had been charged with 'napping' while doing jury service in the Chinese murder case. It is needless to state that to be so falsely accused arouses in one a most intense feeling of indignation, but—places one in a most embarrassing position, and while the decision of the court is final, the decision of the jury is not final, and I am anxious to clear up the matter to the satisfaction of the public. I have given a sworn affidavit to this effect to the district attorney in this connection, and would suggest to the honorable gentlemen making these accusations that should they at any future time they are annoyed by jurors 'napping on the job,' they not wait until there is a chance of the accused not being present to defend himself, but see that action is taken immediately when all concerned are on the ground."

"I desire to firmly deny the charge in this connection and also to state that I was wide awake during the entire progress of the trial, and especially paid attention to the instructions of the court. I have given a sworn affidavit to this effect to the district attorney in this connection, and would suggest to the honorable gentlemen making these accusations that should they at any future time they are annoyed by jurors 'napping on the job,' they not wait until there is a chance of the accused not being present to defend himself, but see that action is taken immediately when all concerned are on the ground."

## Women of College Plan Organization

The women of the State College of Fresno will hold a meeting in the gymnasium of the college this evening at 7:30 o'clock for the purpose of effecting an organization of all women in the college. The meeting will also boost women's athletics. Mrs. Vera Richter, women's athletic manager, will have charge of the meeting. She will be assisted by the following committee: Refreshment, Ruth Van Buren, chairman; Verna Anderson and Edith Barstow, entertainers; Marjorie Haskell, chairman; Helen Rourke and Elvira Bowker, and last years Women's Athletic cabinet. It is hoped that all college women will be in attendance on an interesting time has been planned.

## Y.W.C.A. Leaders to Hold Reception

The public is invited to attend the "Who's Who in Association World" reception to be given by the executive staff of the organization on Monday evening from 8 to 10 o'clock at the Blue Triangle court. Special plans are being made for an interesting program.

## USE SLOAN'S TO WARD OFF PAIN

LITTLE aches grow into big pains unless warded off by an application of Sloan's. Rheumatism, neuralgia, stiff joints, lame back won't fight long against Sloan's Liniment. For more than forty years Sloan's Liniment has helped thousands, the world over. You won't be an exception. It certainly does produce results. It penetrates without rubbing. Keep this old family friend always handy for instant use. Ask your neighbor. At all drug stores—35c, 70c, \$1.40.

## Sloan's Liniment

## RESINOL

Soothing and Healing Household Ointment. Keep a jar on hand for common skin hurts—rashes, chafings, cuts, stings, burns. The ointment for the family.

## Get Your Rest at Night—Zemo Soothes Eczema, Tetter and Rashes

If you suffer with burning Eczema, don't lie awake all night; apply cooling Zemo, the antipruritic liquid which has helped thousands. Zemo keeps the skin clear and free from blemishes, heat, Tetter and rashes, does away with blackheads and pimples. All Druggists.

## zemo

Watch for THE DELINE-ATOR Salesman. He will call on you with an interesting special offer that is being made through our store. The time during which this offer is made will be limited.

915-17-19 JAY STREET

# Society

Retroling cards are being received in Fresno on the engagement of Miss Ruth F. Jackson and Laurence T. Platt. The bride elect is a Berkeley girl, having graduated from the University of California with the class of 1921. She is a member of the Delta Delta sorority. Mr. Platt, who is a son of Mr. and Mrs. S. L. Platt of this city, was a member of the class of 1919 at Stanford University and a member of the Phi Kappa Psi fraternity. No date has yet been set for the wedding.

Mrs. J. J. Koppie entertained Saturday night at her home on Madison avenue, celebrating the birthday of her husband. The living rooms were unusually attractive with Hallowe'en decorations. The presentation of gifts, contests, and a birthday story were interspersed between the dancing. At a late hour supper was served in the new garage which had been transformed into a witch's den. This long table was bright with Jack O' Lanterns and white flowers in a color scheme of black and orange.

Among those who were seated with Mr. and Mrs. Koppie were Messrs. and Mrs. C. F. Bean of Redmond; Mr. and Mrs. J. E. Hagan, Gust Taylor, Dr. and Mrs. P. A. Tobin and George C. Thomas.

Miss Dorothy Forsyth entertained the members of her card club this afternoon at her home in the country. Following the bridge games, it was found that Mrs. Dorothy had held high score and was awarded the prize. Playing with the members yesterday were Mrs. George Barr of Oil City, Penn.; Mrs. Harold Lewis, Mrs. Alfred E. McGowan.

The club will meet next week with Mrs. Paul Cox at her home on Kerkhoff avenue.

Mrs. C. H. Staples has returned from a week's sojourn in San Francisco. Mr. Staples, having motored to return with her, Mrs. Mattie Perkins of Los Angeles, who has been the guest of friends for a week or so, will be the guest of Mrs. Staples during the remainder of the week.

Mr. and Mrs. C. D. Bean of Piedmont, spent the week-end in Fresno, the house guests of Mr. and Mrs. A. B. English.

Mrs. E. P. Prizzella was the hostess at a delightful informal luncheon yesterday at her home on the Kearney vineyard. The afternoon hours were spent over the bridge tables. Mrs. Kittle Perkins of Los Angeles receiving the prize for high score and Mrs. Perkins and Mrs. Josephine Lano of Los Angeles receiving guest prizes. With the guests of honor and Mrs. Prizzella were Mrs. William G. Wharton, Mrs. Wallace Mason, Mrs. William O. Blain, Mrs. Arthur Anderson, Mrs. Ivan McIndoo.

Mrs. George Barr and her little daughter, Elizabeth, spent Saturday afternoon from Oil City, Penn., for a visit with her parents, Mr. and Mrs. W. F. Forsyth. It is hoped that Mr. Barr, who is in the army, will be able to return next with them.

Members of Mrs. George Hume's bible class of the First Presbyterian church yesterday afternoon enjoyed the hospitality of Mrs. W. F. Chandler, the ladies spending the afternoon informally. Delicious refreshments were served by the hostess.

Mrs. Paul Raymond of San Francisco will talk to the Federation of

Cuticura Soap Is Ideal For Baby's Daily Bath

There is nothing more refreshing for baby than a warm bath with Cuticura Soap. If his skin is irritated or rashy, gently touch any irritation with Cuticura Ointment after bathing. Cuticura Talcum is also excellent for baby's skin.

Begin tonight. Cleanse the skin with warm water and Black and White Soap. With the fine of the fingers lightly apply Black and White Beauty Bleach—a fragrant beautifying cream. Allow it to remain overnight. The next morning again cleanse the skin with warm water and Black and White Soap. If the skin is very tender or irritated, use little bits of soothing, healing Black and White Creaming Creams. You can then safely use Black and White Beauty Bleach. From the beginning, you'll be delighted with this beauty treatment because it is so simple, so simple and so effective.

All drug stores guarantee and sell Black and White Beauty Bleach, Black and White Soap, 25c. Black and White Creaming Cream, 25c. and the package.

Write for your copy of the Birthday and Dream Book and a booklet which tells you all about the merits and uses of Black and White Toilet Preparation. Address Dept. B, Moulton, Minneapolis, Tenn.

BLACK AND WHITE BEAUTY BLEACH

## Synod Has Meeting in Chinese Mission

Pacific Synod of the Cumberland Presbyterian church held its annual meeting at the First Chinese Presbyterian church of San Francisco from October 13 to 14. Those attending from Fresno included Rev. and Mrs. E. E. Sims, Mrs. P. W. Sims, Mrs. Edith Walker, Russell Walker, Mr. and Mrs. George Rogers, Miss Virginia Rogers, Joseph P. and Mrs. V. M. Bramblett. The meeting was held in the new mission building just completed by the Woman's Board of Missions at a cost of \$25,000.

The Chinese church entertained the guests "royally" according to the delegates who have returned, and was much gratified at the selection of their church as host for the synod this year.

Tickets are already being sold for the Charity bridge party to be given November 13 at Hotel Fresno by the Fresno Relief society. Those making reservations at this time may have choice of location. Among the members of the society who are selling tickets are Misses Margaret Clark, Anne Meier, Elsie Einstein, Clara Foster, Westphal, Landman, Emil Gundelinger, Arthur Anderson, George Congrave, A. J. Dier, F. L. Burke, George V. Martin, Herbert Levy, H. M. Johnston, H. J. Cray, J. A. Manning, Elmore Wingler, T. E. Risley.

Mrs. Lulu Rice of Independence, Mo., is visiting her brother, C. G. Hedges of 3433 Verne avenue.

Mr. and Mrs. W. J. O'Donnell have returned from San Francisco. They were accompanied by their son who has been a shipping boarder for the past year.

There will be no meeting of the Bridgegates this week.

Scot Bands Are Coming to City

The board of supervisors yesterday granted Fresno Scouts the use of the bandstand in courthouse park during their annual convention on November 3, 4 and 5. The permission was granted after a request had been made by Ray W. Baker. The communication from Baker stated that there will be several bands from various points in California, and that an entire band will be given of the sort that is seldom witnessed in the city.

FIRES EXTINGUISHED. A plate in a gas heater at Huntington avenue and Sixth street at 9:47 o'clock yesterday morning and a fire in a clothes closet at 217 Maple avenue at 11 o'clock yesterday morning, were extinguished by the Fresno city fire department before material damage was done by the property.

# Club News OF THE SAN JOAQUIN VALLEY DISTRICT

At the meeting of the Leisure Hour club held yesterday afternoon at the home of Mrs. George L. Hoxie, Ben R. Walker gave an interesting talk on Elements of Romance in the San Joaquin Valley.

Mrs. R. E. Dixon will be the hostess at the meeting of the Progressive home club this afternoon at 2 o'clock at her home, 3421 Kern street.

The West Park Thursday club will meet all day today, sewing for charity at the home of Mrs. A. B. Bowen, 1211 Mono street. Members are asked to bring their lunches. The day will be in charge of the committee composed of Mrs. Finch, Miss Rice and Mrs. Albin.

The Columbia P. T. A. will meet this afternoon at 2:30 o'clock to hear Dr. Neil Clark speak on The Proper Feeding of Children. All parents who have children in the school are urged to be present.

The Woman's Improvement club of Kerman met yesterday afternoon in the club rooms in the Dakota block. Mrs. A. J. Crow was hostess at the meeting.

Serving hot lunches to school children in the Kerman grammar school was begun Monday noon by the P. T. A. Children who bring their lunches are served with one hot dish each noon. Some number of the P. T. A. is in charge of preparing and serving the food to the pupils each day.

The Del Rey Women's Improvement club will be entertained by Mrs. Emilio tomorrow afternoon. Mr. Cassidy of Fresno will talk on Interest in Decoration. There will be a display of mothers' and grandmothers' handwork, and anyone having an old piece of work is asked to bring it to Mrs. Emilio. Business meeting will be held promptly at 2:30 o'clock.

The teachers of the Tulare schools were given a reception by the Tulare Woman's club last Friday evening. The affair being planned by a committee composed of Mrs. J. C. Kendrick, Mrs. M. C. Zumwalt and Mrs. Tom Cook.

Short talks were made by Mrs. Mary, principal of the Wilson school; S. J. Rainford, principal of the high school; and A. W. Fay, city superintendent of schools. Prof. Max Bachman gave a violin selection; J. A. Trowbridge followed with a piano; after which eight girls gave a mystic dance. These girls were Misses Mildred Stiff, Nettie Manock, Helen Kingsbury, Helen Dillard, Hazel Hoyt, Doris Lawler, Mabel Way and Pauline Myers. The program

RED CROSS SHOP. Splendid bargains are to be found in men's clothing today at the Red Cross Shop, and sales today will be made by members of the auxiliary of the American Legion. Yesterday, Fresno chapter, Order of Eastern Star, made sales amounting to \$12.60.

DIVORCE GRANTED. Judge D. A. Cassidy yesterday granted a divorce to Mabel from Milton S. King on the grounds of desertion. The couple were married August 23, 1914, and separated December 1, 1915. The action was not contested. Attorney Pearl Kaue represented Mrs. King.

## ABLE MEN AID CONSTRUCTION

Italy's Natural Resources Developed

ROME, Oct. 19.—The Italian government is meeting its problem of unemployment by setting the idle men to work to develop to the utmost the natural resources of the country. The sum of 700,000,000 lire (equivalent to about \$135,000,000) has been devoted to public works and another 100,000,000 (\$19,000,000) has been assigned to land reclamation. These works are being carried out largely by private initiative and by conscription, to whom the government grants subsidies and concessions. Funds for these enterprises are obtained from banks.

Another 150,000,000 (about \$28,000,000) will be spent on improving the telephone and telegraph systems. And telegraph and telephone systems are authorized the laying of a submarine cable so as to obtain direct communication with Spain, Greece, Brazil, Uruguay and Argentina, thus rendering Italy independent of foreign cable companies.

The development of Italy's water power is proceeding rapidly. Before the war, she obtained about 255,000 horsepower from that source. Since then the total horsepower has been increased to 1,750,000.

To make this possible 53 reservoirs and artificial lakes have been constructed. Another important industrial project is the reclamation of the Pontine marshes which cover about 150,000 acres between Rome and Naples. This land heretofore has been yearly merged for five months each year by the neighboring mountains and, stagnating on the land, converted that area into a dangerous fever trap.

This country, organized with a total of 58,000,000 lire to reclaim this section has been in operation about one year and has reclaimed about 1,750 acres and made them into fertile wheat lands or farms for growing tomatoes.

The first industrial plant, a tomato paste factory, has been established in the Pontine marshes and later a wood pulp and paper mill will be erected.

An essential feature of the work is an effort to control malaria fever in which the company has engaged the foremost medical experts who are making rapid progress in the cure of chronic malaria by the means of X-ray treatment.

**Frozen Salmon to be Shipped from Bay City**

SAN FRANCISCO, Oct. 19.—The first shipment of frozen salmon ever sent from this port will leave here October 30 for London. It was announced today by H. O. Beckley, manager of the Columbia and Northern Fishing and packing company of Altona, Wash., who said other consignments will follow the first one of thirty tons.

America now has the opportunity to supply all the foreign market for salmon, he said, because the bluest-ice had burned the canneries established by the Japanese in Siberia.

**Heavy Withdrawals Cause Bank Failure**

GLEBBURNE, Texas, Oct. 19.—The National Bank of Cleburne, one of the oldest financial institutions here, failed to open its doors today. A statement, signed by four officials of the bank, said suspension was "due to heavy withdrawals of county funds and very poor collections coupled with withdrawals of depositors."

"The statement said it is a heavy investigation 'inspired the hope that plenty of assets are in the bank to pay every depositor.'"

**ROLLED STOCKINGS IMPROVED**

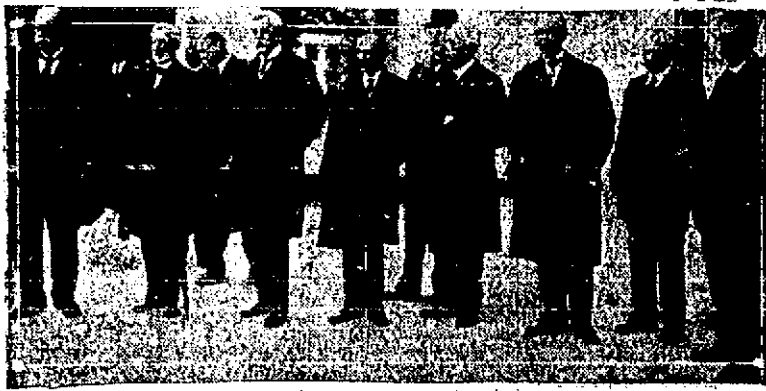

NEW YORK, Oct. 19.—These rolled down stockings that the young women have been wearing have been giving the orthodox quite a lot. They got another the other day when a New York girl returning from France exhibited some lacy frills with which Parisians are crowding the market.

She got a lot for such sumptuous frills, but a fur top for stockings is now under consideration for the coming winter.

**No Movie Thrill—She's Just Waving To Her "Steady"**

This intrepid Washington miss who is timid when it comes to mentioning her name, finds no danger in hanging out of the window of any capital office building. She climbed over the sill and hung by one hand the other day just to wave goodbye to her "steady."

## When Taft Became Chief Justice

Left to right, the members of the Supreme Court are: Chief Justice Taft and Associate Justices McKenna, Holmes, Day, Van Evanter, Pitney, Clarke and Brandeis.

Trudging through the rain to and from the street car, William Howard Taft, former President of the United States, recently journeyed to the White House to be sworn in as chief justice of the United States Supreme Court—the first man to have the honor of serving his country in these two capacities. He is shown above.

White House to be sworn in as chief justice of the United States Supreme Court—the first man to have the honor of serving his country in these two capacities. He is shown above.

In front of the White House after he had been sworn in with the other eight members of the highest tribunal in the land. Taft was appointed last summer.

## Dry Head Will Go to Los Angeles

LOS ANGELES, Oct. 19.—E. Forrest Mitchell, federal prohibition director for California, announced today he would assume personal charge of the Los Angeles enforcement bureau and remain in charge for some time. This, he explained, was in an effort to further the coordination of federal, state and local officers in the enforcement of the Volstead act.

He said he had a staff of secret agents whose identity would not be made public and whose employment in an "one local" would be for too short periods for possible violators of the law to attempt to "make friends" with them.

## TUGBOATS COMPRISE NAVY

LONDON, Oct. 19.—Having decided that it must have some warships to protect its long coast line and prevent smuggling, the little Baltic state of Latvia has put into commission a fleet of three armed tugboats.

In addition to this "armada," she has also decided to have a frigate for it, and has raised and renovated an old German guardship sunk in Latvian waters in 1917.

agents whose identity would not be made public and whose employment in an "one local" would be for too short periods for possible violators of the law to attempt to "make friends" with them.

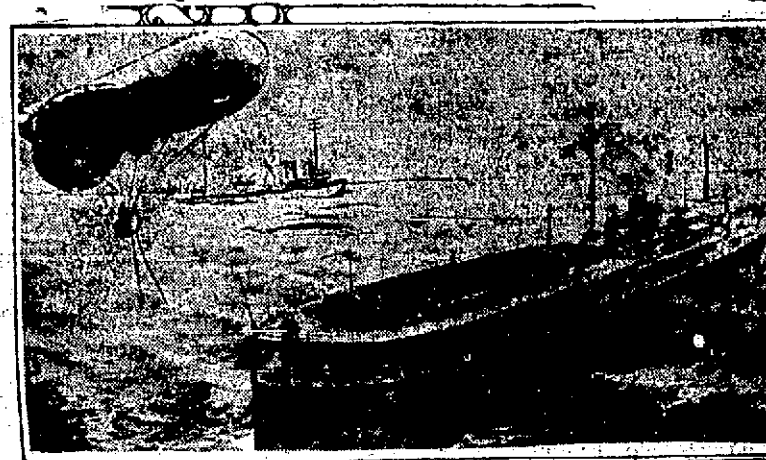

## Government to Reduce Deficit

ROME, Oct. 19.—The efforts of the Italian government to reduce its annual deficit are bearing fruit, as is evidenced by the recent report made by the finance ministry.

According to the report, the Italian tax receipts for April, the last month for which all statistics have been compiled, were greater by 1,200,000,000 lire (about \$240,000,000) than they were in the corresponding month before the war. The previous receipts amounted to 254,000,000,000 lire. The receipts for the past April amounted to 1,452,000,000 lire.

agents whose identity would not be made public and whose employment in an "one local" would be for too short periods for possible violators of the law to attempt to "make friends" with them.

## Airship Tender Bears Inventor's Name

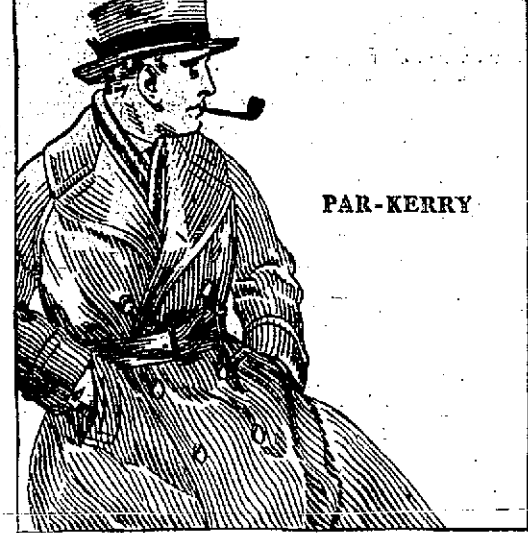

Drawing of U. S. S. Wright, air ship tender, showing how observation balloon will work from the ship

The latest addition to Uncle Sam's naval craft is a giant air-craft tender. It is nearing completion. It is constructed to house kite balloons and sea-

planes. The ship will show kite balloons and contains a huge well in which these balloons can be inflated from hydrogen gas generated on board the vessel. The

boat's equipment also will contain repair plants for the balloons and airplanes. The ship has been named the U. S. S. Wright in honor of Wilbur Wright.

## INDIA WAR IS FOR HOME RULE

British Forces Meet With Resistance

LONDON, Oct. 19.—(The Associated Press.)—Potentialities for disorders in India latent in the Gandhi non-co-operative movement directed against the British government in efforts to obtain home rule, have evidenced themselves in the serious rebellion in Malabar, according to Anglo Indian experts.

Gandhi, of course, has preached the doctrine of non-violence, but many of his extreme followers have gone much further, notably, the experts here say, in the case of Malabar. There, it is claimed, the religious torch was used to start the conflagration, it being maintained that the allies had done grave injury to the Khalifat in the treaty of Sevres (between the allies and Turkey), but observers here maintain that the seed was already sown by Gandhi's non-co-operative campaign.

The strength of the non-co-operative movement consists in the appeal it makes to the religious instincts of the masses who collect in vast numbers to pay Gandhi almost divine honors and whom they regard as the Mahatma, or worker of miracles, who will introduce the millennium, when none need toil, when there will be no taxes and when prices will fall to the pious level.

The masses are little concerned in political or constitutional reform and the professedly non-violent character of the movement cannot always be maintained. There have been occasional outbreaks of rioting. Considering the size of India, these outbreaks have been infrequent, but are regarded as symptomatic of growing excitement.

The Hindu masses are not ugly tempered and their reverence for Gandhi is a steady factor. The Moslem excitement over the Khalifat question runs throughout the movement like a sinister thread and it is believed that if Gandhi's movement leads to violence it will be because he has been unable to restrain Mohammedan fanaticism, roused to fever heat by the threatened eclipse of Turkey.

It will be remembered that Mussulmans have always insisted on a privileged position in politics on the ground of their religious kinship with the Turks, Afghans and other fighting Moslem people of Asia. The collapse of the temporal power of Islam is therefore viewed seriously by Indian Mussulmans, who feel their claim to a privileged position are in danger of vanishing.

## Copper Coins Disappearing

SYDNEY, New South Wales, Oct. 19.—(By Mail)—Australia now is in the midst of one of its periodical mysterious shortages of copper coins, which have baffled treasury officials. Children's banks were held responsible at first for the shortage and an appeal from the treasury resulted in the exchange of many copper coins for the silver money. Despite this and the cancellation of certain clunky coin-letters, copper coins are exceedingly scarce. In some quarters the approach of Christmas was blamed for the annual busy shopping period, but large retail shops have heavy demands for change and it was thought that some of the corporations had accumulated a surplus of copper against these demands.

"We are going to stop the issue of pennies and about 500,000 pounds worth of half-pennies every week," J. R. Collins, secretary of the treasury, said today. "We are at a loss to explain how there can be a shortage. The treasury never withdraws copper from circulation so that our output in additional to those already in use."

Pierion Brothers Seed Co. for Cover Crops. 2225 Tulare.

## Urges Adoption of Smoot Sales Levy

WASHINGTON, Oct. 19.—Urging adoption of the Smoot manufacturers' sales tax, Senator Moses, Republican, New Hampshire, told the Senate today that it would "strike down the vicious principle of graduated taxation which appears on the pending tax bill and which is but a modern legislative adoption of the communistic doctrine of Karl Marx."

Senator Moses, a leader in the group of eastern Senators opposing the Republican compromise tax revision program, declared that the finance committee measure had been "plainly drawn under the inspiration of the insidious slogan, 'soak the rich.'"

He referred to the agricultural bloc which proposed compromise plan for the taxation of the livestock and poultry which may be styled as the "Ken-Cap-Klan." Senators Kenyon of Iowa and Capper of Kansas are leaders in the agricultural bloc.

**MONEY IN LOVE**

LONDON, Oct. 19.—Discovery that a dollar mark shares "honors" with the knot over the "bridal entrance" to a New York Fifth Avenue church has been followed by the finding of this inscription on a window just restored in the church of St. Catherine Cree. The church was built more than a century ago.

## Mexico Dislikes Musical Comedy

MEXICO CITY, Oct. 19.—American "jazz devils" have come to Mexico City and have made their symphony popular, but theater-going Mexicans have failed to appreciate an American musical comedy as recently presented by a company of "gitty gitty girls" direct from Broadway. "To use the words of the inspired press agent, 'The company appeared here as one of the attractions of the Centennial celebration.' Admitted as a bit of Broadway transplanted to Mexico, the girls were intended to add a bit of pep and zest to the month of fiesta; but after a few nights interest lagged and the show concluded its run without breaking any attendance records."

It was not because the attraction was below the standards of any similar show in the United States. Outlines in the American colony here have long declared that American musical comedy will not pay in Mexico, and their predictions appear to have been substantiated in the recent attempt.

## 150 FRESNANS AT CALIFORNIA

### Eight Are Taking Work in Agriculture

BERKELEY, Oct. 19.—A survey of the recent catalogue of officers and students of the University of California shows that there are more than 150 registered from the city of Fresno. One hundred and forty-nine students are doing undergraduate work; while eleven students from Fresno are pursuing work in the graduate division.

More than half the Fresno students are taking the letters and science courses, a cultural course in the liberal arts. Twenty-two are engaged in work in the college of commerce preparing for advanced business training. Thirteen are registered in the college of mechanical engineering, two in mining and two in chemistry.

Only eight of the large number of Fresno students are studying agriculture. There is a greater number of students from Fresno county, however, who are taking up agriculture. Out of the 31 graduate students, six are in the school of jurisprudence, one in medical school, one in chemistry and three in liberal arts.

### Husband's Late Hours Basis for Complaint

Charging that the defendant "abandoned himself from home at various occasions until late hours at night," Nellie Osborne brought suit for divorce yesterday against Roy O. Osborne. George Cosgrave filed the complaint.

The complaint also states that the defendant has shown aversion to the society of the plaintiff.

### Fresno Students in University Band

Special to The Republican.

BERKELEY, Oct. 19.—Hubert Bryant and Errol Jones, two Fresno students attending the University of California, are assisting in the concert to be given by the university band next Friday evening.

Both students are members of the band which consists of more than 60 pieces. The band is the official military band of the university and also plays for student activities. Last Sunday it vied with the 100 piece band of the Pacific fleet, which was in Berkeley, to play the football team against the blue and gold team.

Between halves the two bands paraded on California field an entertainment for the spectators in attendance at the game.

The concert Friday evening is to be followed by a dance in Harmon gymnasium under the auspices of the band.

IN THE LODGE ROOM

Royal Neighbors of America

Bunking Relief club, Royal Neighbors of America, will meet this afternoon at the home of Mrs. Irene Dickey, 120 Howard street. This is the first meeting this fall and plans will be made for the winter work. Mrs. Glenn Moore will assist Mrs. Dickey in entertaining the club.

The Scot band, which has been recently organized as an activity of the local pyramid and which will give two concerts at Dinuba on October 23. The Lybian guards of the Fresno pyramid will give a drill

### Sciot Bands Are Coming to City

The board of supervisors yesterday granted Fresno Scouts the use of the bandstand in courthouse park during their annual convention on November 2, 4 and 5. The permission was granted after a request had been made by Ray W. Baker. The communication from Baker stated that there will be several bands from various points in California, and that an entertainment will be given of the sort that is seldom witnessed in the city.

### Fresno Girls Aid in Student Conference

Special to The Republican.

BERKELEY, Calif., Oct. 19.—Girls students from Fresno are taking an active part in the preparation for the conference of women students from all over the Pacific coast which is to be held at the University of California during the first week of November.

Miss Fannie May Craycroft of Fresno has been appointed on the entertainment committee which will have charge of all the delegates attending the conference. Florence Bradford is to have charge of registering the delegates on the day of their arrival.

Other Fresno students who are to help in housing the delegates and assisting in the convention are: Signa Larsen, Blanche Ewing, Mildred Lawrence, and Jeanette Paves.

### Seeks to Set Aside Mortgage Satisfaction

Complaint in equity to set aside satisfaction of mortgage was filed yesterday in the superior court by Arthur Gosliner against W. O. Haggins and his wife Edna L. Haggins.

The complaint alleges that the plaintiff accepted a note and mortgage from the defendants in security for a loan of \$500, to be paid \$200 a year. On March 23, 1921, \$200 was paid, leaving a balance of \$300.

The plaintiff alleges that he gave the note and mortgage in security for a loan of \$500 to J. E. Collins. The money was later repaid, the complaint states, and at the same time the plaintiff inadvertently executed and delivered a satisfaction of mortgage made by the defendants instead of a reassignment of the mortgage.

Milton A. Nathan of San Francisco is representing Mr. Gosliner.

## Hallowe'en, October 30th

The modern Hallowe'en celebration is the outcome of classic mythology, Druidic beliefs, and early Christian superstition, a night of frolic and fun with a touch of the supernatural, to give it flavor. Witches plot and cats howl.

This year we are showing a full stock of Hallowe'en novelties.

Cut-Outs	Seals	Paper Caps
Witches	Place Cards	Head Bands

### Stadium Seats are Now Selling Fast

Subscriptions for the University of California million dollar stadium are still pouring into the university headquarters at the close of the second week of the campaign, and sixty-three voluntary contributors are kept busy, according to reports from the campaign office.

Paul Fenstermacher, chairman of the Fresno Alumni association, stated that additional trips books of \$100 each, which entitles the purchaser to attend all athletic events for ten years, can be secured through him at the stadium headquarters at Berkeley. Those who have made past payment on their scrip books will be admitted to this year's games.

A great number of subscriptions from the south have been received, according to 1627 F. H. Prescott and F. W. Ten.

### Chapters of Eastern Star Plan Dance

The "White Elephant" booth is to be one of the many features of the joint dance to be given a week from tonight at the civic auditorium by Fresno and Visalia chapters of the Order of the Eastern Star. Mrs. Grace Rolfs and Mrs. Mae Winnie are in charge of committees from their respective chapters to arrange for the booth.

All Masons, Eastern Stars with their ladies and escorts are invited to attend the benefit dance. Valley organizations are making up large delegations for the evening.

May, president of the student body. Five hundred students have canvassed San Francisco.

Seats can also be secured at the Bank of Italy here.

### Playground Board Soon to Organize

The city playground commission will hold its organization meeting at 10 o'clock next Tuesday morning. At this meeting the members of the board will discuss plans for the coming year, and arrange for playground activities this winter.

Members of the commission are Mayor Truman G. Hart, Mrs. S. S. Howell, F. M. Leach, Mrs. J. A. Williams, Edwin M. Flanigan.

Under the charter provisions governing the organization of the playground commission, the mayor is ex-officio chairman of the board.

**THE FRESNO ADVERTISING CLUB**

INCREASES THE RESULTS FROM YOUR ADVERTISING

BECAUSE of the quiet but continual activity of a Vigilance Committee of the Fresno Advertising Club, misleading advertising in Fresno is being reduced to a minimum.

This committee is ever on the alert to catch and investigate any advertising or sales statement that may be false or exaggerated. Usually it is only necessary to call the offender's attention to this deviation from "Truth in Advertising" to have the error at once corrected. If, however, he should persist in his mistaken policy, legal steps would be taken to force him to change his business methods. To date no legal action has been required.

As a result of this activity all legitimate and truthful advertising has increased in value, for the buying public has come to learn that most of the advertising done by Fresno firms is honest—and acts accordingly.

Report all misrepresentation and inaccuracies in advertising and business practice to

Special Displays of the Best and Newest Modes In Modern Furniture Achievement

Now On Display

This week you should visit Wormser's and view the special displays that are being made in celebration of Furniture Fashion Week.

We are showing the finest examples of furniture art that are produced in the country today and the displays cover the entire range of home furnishings.

The showing is not only interesting from the standpoint of exhibiting fine furniture fashions, but as a demonstration of the very material decrease that has occurred in furniture prices during the last year.

We are glad to have you come in and look around, even if you are not buying at this particular time.

SOCIETY SEEKS FAMOUS WILLS

People Known in History Died Intestate

PHILADELPHIA, Oct. 19.—The Society of the Descendants of the Signers of the Declaration of Independence is endeavoring to collect copies of the wills of the signers. According to a report made to John Calverly, secretary and registrar of the society, the wills of Samuel Chase, Maryland; George Washington, Virginia; William Hooper, North Carolina; William Lynch Jr., South Carolina; and George Walton, Georgia, are still missing from the society's collection.

Wills in possession of the descendants include those of John Hart, New Hampshire; John Adams, Samuel Adams, and Robert Treat Paine, Massachusetts; Stephen Hopkins and William Williams, Rhode Island; William Williams, Samuel Huntington, Oliver Wolcott, and Roger Sherman, Connecticut; Francis Lewis, William Floyd, Lewis Morris, and Philip Livingston, New York; Abraham Clark, John Hart, John Witherspoon, Francis Pickens, and Richard Stockton, New Jersey; Robert Morris, Benjamin Rush, Benjamin Franklin, John Morton, James Smith, George Taylor, and George Ross, Pennsylvania; Rodney and Thomas McKean, Delaware; Charles Carroll and Thomas Stone, Maryland; Thomas Jefferson, Francis Pickens, and Thomas Stone, Virginia; and Thomas Nelson, Jr., Virginia.

The following signers died intestate, according to the report: William Rodney and Thomas McKean, Delaware; Charles Carroll and Thomas Stone, Maryland; Thomas Jefferson, Francis Pickens, and Thomas Stone, Virginia; and Thomas Nelson, Jr., Virginia.

The records of Thomas Nelson, Jr., Virginia, were destroyed by fire in 1865, and those of Charles Carroll, Maryland, were destroyed during the Civil War. The records of Thomas Nelson, Jr., Virginia, were also destroyed during the Civil War, and those of Charles Carroll, Maryland, were lost in a fire in 1865.

Women Protest Arbuckle Films

LOS ANGELES, Oct. 19.—The 170 organizations in the Los Angeles district, Federated Women's clubs, will take individual action on a resolution recently adopted by the publicity chairman of the clubs, protesting against further showing of motion pictures of Roscoe "Fatty" Arbuckle or of any of his guests at the party in San Francisco where Miss Virginia Rappe is said to have suffered injuries which caused her death and resulted in the pending trial of Arbuckle for manslaughter.

Decision to that effect was reached at a meeting here yesterday of presidents of the clubs involved, and made public today.

**FARM CENTER TO MEET**

CORCORAN, Oct. 19.—A special meeting of the Corcoran farm bureau has been called for Friday at 2:30 p. m. for the purpose of conferring with a representative of the State Railway commission on the subject of freight rates, power rates, and other matters.

Benjamin Franklin's Message of Thrift

No one ever started from a lower point than the poor apprentice of Boston; no one ever raised himself higher by his own unaided forces than the inventor of the lightning rod. This life, so long and so well filled, is a source of perpetual instruction to all men. Every one can there find counsel and example. Said Benjamin Franklin:

"Save, young man, and become respectable and respected; it's the quickest and surest way."

Airplane Shows Gibraltar Impregnable

Airplane view of the Rock of Gibraltar. Gibraltar, because of its military importance and its immense fortifications, is one of the wonders of the world. This new airplane view shows more vividly than any description the national strength of the giant rock. It shows the north and south towers on the western side of the rock and the harbor. Gibraltar has an area of about two square miles. Held by Great Britain, it is governed by a governor who is also commander-in-chief and exercises legislative authority also.

Twins Award Prize to Twins

Marion Fairbanks, of the Fairbanks twins, is shown holding the prize to Mrs. E. Barry and her brother, W. Grovelli, Philadelphia's oldest twins.

Heslin Reward Not to Be Offered

SAN FRANCISCO, Oct. 18.—The reward of \$2000 offered by Archbishop Edwin J. Hanna for the recovery of Father Patrick E. Heslin of Colma, Cal., who disappeared August 2, will not be paid, Chief of Police Daniel J. O'Brien said today.

William A. Hightower, who led searching parties to the priest's grave August 10, is now serving a life sentence at San Quentin prison on conviction of his murder.

The reward was never officially offered by the police department, Chief O'Brien said.

POOR HIGHWAYS IN ASIA MINOR

Army Transportation of Greek Forces Bad

WITH THE GREEK ARMY IN ASIA MINOR, Oct. 18.—(The Associated Press.)—When the Greek army set itself the task of capturing Angora it had little conception of the enormous difficulties of travel that would be met in the remote reaches of Asia Minor.

The army has had to traverse roads which may best be compared to the pioneer trails that existed on the western plains of the United States in the early '40s. Where they have been of sand or rough broken stone.

In order to avoid Kemal's powerful defensive positions along the Sakarya river, to the southwest of Angora, the Greeks undertook a great detour to the southeast of the Sakarya, intending to flank the Nationalist army and cut off its retreat. In this desolate southern area they encountered deserts of sand and great stretches of rock. For twenty days the soldiers marched over the arid plains, finding little water and less rest.

General Papadopoulos, commander in chief of the Hellenic forces, declared to the correspondent of the Associated Press who accompanied the army that not even in the ancient days of Xenophon and Alexander were such obstacles and hardships encountered. He added that no army in modern history had equalled the achievement of the Greek troops, who covered a distance of 135 miles in less than thirty marching days.

Over the wretched roads which the country afforded all except the most powerful motor trucks broke down. To overcome some of the enormous difficulties the Greeks employed thousands of camels and oxen. But the progress of these patient animals was necessarily slow. It took weeks and weeks for the drivers of mule teams and for the drivers of camels to be continually harassed by roving bands of Kurds, highwaymen of the East, who killed the men on sight and captured their caravans.

National Guardsmen Not to Participate

WASHINGTON, Oct. 19.—New York and Pennsylvania national guard units, originally selected for participation in the exercises incident to the burial of the American unknown soldier at Arlington cemetery, Oct. 18, have been eliminated from the program and only troops nearer Washington will be used. Limited funds provided by Congress to care for expenses of the ceremonies were said to be responsible for their elimination.

Further enrollment in original plans for the exercises, announced today by the war department, provide that only holders of the Congressional medal of honor who participated in the world war will be invited to attend at the government's expense. Other medals of honor men will, however, be invited to participate in the ceremonies, paying all of their own expenses.

country afforded all except the most powerful motor trucks broke down. To overcome some of the enormous difficulties the Greeks employed thousands of camels and oxen. But the progress of these patient animals was necessarily slow. It took weeks and weeks for the drivers of mule teams and for the drivers of camels to be continually harassed by roving bands of Kurds, highwaymen of the East, who killed the men on sight and captured their caravans.

## SANGER-URGES ROAD BUILDING

### City Trustees Hope to Expedite Work

SANGER, Oct. 19.—A resolution asking the Fresno county board of supervisors to expedite the construction of the highway system from Sanger through Canterville and Minkler to Clark Valley was passed unanimously by the city trustees of Sanger at their meeting last night. The resolution was presented by the Sanger booster club.

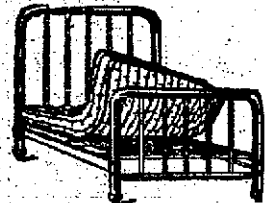

"After a lengthy discussion a resolution of intention to grant the Riverhead Gas and Water company a franchise to furnish residents of Sanger with gas was passed and ordered printed in the local paper. M. K. Madson, president of the gas company, G. W. Wiley, manager, and W. J. Lehman, a director, were present and presented their proposition in asking for the franchise. The matter of street improvement was also discussed but no definite action was taken."

**REORGANIZE CADETS\***  
VISALIA, Oct. 19.—Reorganization of the Visalia high school cadet companies for the new year, has been completed under the supervision of Major George L. Righter of the school faculty. Two companies are drilling steadily, one with an enrollment of 54 and the other with 90. Walter Woods and Wesley Lane are captains of the two companies.

### Madame Melba Is Home Again After Long Tour

### Date Set for Trial of Franchise Case

VISALIA, Oct. 19.—Trial of the case of the County of Tulare against the Mt. Whitney Power & Electric company and the Southern California Edison company, its successors, has been definitely set for January 1, 1922. The action is one to force the Mt. Whitney company and the Edison company to pay 2 per cent of the gross income as a franchise tax on the properties of the old Tulare County company, which the Mt. Whitney bought.

The Tulare County Power company's franchise valued for 2 per cent return to the county. The Mt. Whitney's franchise was free, so when the Mt. Whitney took over the Tulare County Power company properties it was authorized by the state railroad commission to operate these properties under its own tax free franchise. Tulare county now contends the state railroad commission had no right to enter such an order.

### Four Are Arrested on Liquor Charges

BAKERSFIELD, Oct. 19.—G. J. Tuleton, owner of the Mince-Bar, and James Hamilton, proprietor, were arrested yesterday by Deputy United States Marshal S. J. Shannon of Fresno on a charge of possessing and selling liquor. Bail which was set at \$1000 each was furnished.

V. M. Buscard, proprietor of the American Bar, arrested on a charge of possessing liquor was also arrested.

Nick Kolesky, who was arrested for possessing articles designed for the manufacture of liquor, was lodged in the city jail yesterday and his confiscated, Shannon said today.

TO SELECT SLOGAN  
CORCORAN, Oct. 19.—The Corcoran Chamber of Commerce has decided to give a prize of \$10 to the person submitting the best slogan to be used for advertising purposes. The selection will be made by ballot of members present at the first meeting in December.

### Kern School Head Returns From Trip

BAKERSFIELD, Oct. 19.—L. E. Chenoweth, county superintendent of schools, has just returned from a trip into Los Angeles county, where he addressed the county institute. It is the plan in that county, instead of calling all the teachers together in one place, to have various center meetings, and to send the speakers out to these meeting places. There were two other speakers, besides Chenoweth; L. E. Bassett, of Stanford university, and Stanley B. Wilson, of the state board of education.

Many lots and made arrangements with the Rowley Construction company for the laying of the foundations for their first house to be built in Exeter. As soon as it is possible after the foundations are set the other workmen will take charge and put the house up quickly. Others will be started at intervals.

### Tax Collection at Exeter Starts Soon

EXETER, Oct. 19.—Tax collector A. J. P. Bishop is busy copying his tax receipts getting ready for the collection of taxes which commences November 1. This year's tax rate is lowered 16 cents making the rate \$1.46 on the same valuation which was used last year. The increase in valuation from natural causes, improvements and personal property amounts to \$67,465, making a total of \$1,145,970, subject to taxation.

## LEGION HEAD TO HONOR DEAD

Chester H. Rowell To  
Speak at Tulare

TULARE, Oct. 19.—John R. Quinn, state commander of the American Legion, who was to have been the principal speaker at the Tulare county armistice celebration here on November 10, 11 and 12, will not be present at the celebration, he informed the local post yesterday by letter, stating that he has been summoned to Washington, D. C., to take part in the memorial exercises for the unknown soldier who will be buried in Arlington national cemetery on Armistice day.

The state organization, however, will send a man to Tulare to take Quinn's place and tell of the future aims of the legion in the state and relate its past accomplishments.

Bonnie Burton R. Pitts, past state commander, who will deliver an address, Chester H. Rowell, formerly editor of The Fresno Morning Item, and now a member of the state railroad commission, has accepted an invitation to speak at the celebration.

## Lemoore Man Pleads Guilty to Vagrancy

HANFORD, Oct. 19.—David Cahill of Lemoore pleaded guilty to a charge of vagrancy yesterday before Judge McClellan in preference to having a federal liquor charge placed against him and was fined \$500.

He was arrested at his ranch north of Lemoore Sunday afternoon, October 16, 1921, which evidently had not been used lately, some music and several gallons of illicit liquor. His son, John Cahill, will appear Tuesday before Judge Carasco in Lemoore on a similar charge.

## Law and Order Man Placed Under Arrest

HANFORD, Oct. 19.—A. W. Douglas, arrested here yesterday on charges of disorderly conduct, is a member of the oil strikers law and order committee, according to police officers here who state that they found on him a printed card bearing the name of the above committee, a revolver and a number of cartridges. Douglas is a resident of Coalinga and was released on \$25 bail. His revolver was taken from him until he could show reason for carrying it.

**ROAD WORK STARTS**  
CORCORAN, Oct. 19.—Work has been begun on the construction of the mile strip of paved highway to connect the Valley avenue and Waukena highways east of this city. This new road is located on the Kings-Tulare county line and it will give the people of this section direct highway connection with Tulare and the state highway on the north.

**STEAL DENTISTS' GOLD**  
TULARE, Oct. 18.—This morning the office of Dr. E. J. Young, prominent local dentist here sometime yesterday and took a quantity of gold, used for the making of fillings and crowns.

The theft was discovered late in the afternoon and was immediately reported to the police.

## Modesto to Ship First Carload of Watermelon Seed

Special to The Republican.  
MODESTO, Calif., Oct. 19.—The first carload of watermelon seed ever to be shipped from Stanislaus county will go out from Modesto tomorrow. It will be shipped by McCormick to Lincoln, Nebraska. Two watermelon threshing machines are kept busy at work at the McCormick ranch a mile and a half out on the Waterford road getting seeds ready for similar shipments to be made later in the season. Several carloads will be shipped, McCormick said today.

The seeds are packed in grain sacks, and are contracted for among the melon growers of this district before the seeds are sown. McCormick has been in this business for several years, this is the first time he has shipped in such large lots.

**SET CLEAN-UP DAYS.**  
PORTERVILLE, Oct. 19.—Mayor W. S. Sibley has issued a proclamation designating Friday and Saturday of this week as annual clean-up days. He urges all property owners and tenants to clean their places from street to alley and to see that dead weeds are removed from vacant lots.

**GRANT ROAD PERMIT.**  
VISALIA, Oct. 19.—Permission was granted the board of supervisors of Tulare county by the railroad commission today to construct a public road at grade across the track of the Southern Pacific company near Pixley.

## Traffic Officers Arrest 40 Motorists

TULARE, Oct. 19.—Approximately 40 arrests were made here yesterday by Traffic Officers Luther Hogan and Riley, in connection with the second patrol of the month to be held here, under the plans of the state traffic officers association. The arrests were made at the corner of K and Igo streets, and all traffic was stopped during the patrol hours. Most of the arrests were made for minor infractions of the law, many failed to have their operators licenses with them or did not have the certificate of registration properly displayed.

The first patrol, held a week or two ago, resulted in the arrest of approximately the same number of motorists.

TUNA  
SMOKED  
OIL

Small, 15c  
Medium, 25c  
Large, 45c

The TUNA with  
the SMOKED flavor

THIS is the question asked when Kenilworth Tuna is served, because most people notice immediately a flavor different from most smoked fish. That is because of the smoked oil in which Kenilworth Tuna is packed. This is what gives this tuna that delicious piquancy and appetizing flavor so different. And the smoked oil insures that all Kenilworth Tuna shall have just the proper smoked taste.

Kenilworth Tuna comes to you cooked and ready to serve—hot or cold. It is surprisingly inexpensive and can be served in a number of delightful ways.

Kenilworth Smoked Tuna Cold Sandwiches

Use three slices crisp meat for each sandwich. Place lettuce leaf covered with mayonnaise on bottom slice, on which lay slices of smoked bacon. On the next piece of meat put another lettuce leaf covered with sliced tomato, spread with mayonnaise. Top with third slice of meat. Trim Sandwich, slice diagonally. Serve with pickles, tomato and olives.

Kenilworth Smoked Tuna Patties

Make patties as usual. Fill with Tuna, previously drained. Pour a hot cream sauce over the patties. Garnish with chopped parsley.

Kenilworth Smoked Tuna Salad

Tuna flaked in pieces. Add a few tablespoons olive oil, 1 tablespoon lemon juice or vinegar, salt, a dash of paprika. Serve on crisp lettuce leaves. Garnish with Pineapple slices.

Kenilworth Smoked Tuna Croquettes

Flake a can of Tuna with milk with a little flour, sufficient to mold into croquettes. Fry in deep cream or vegetable oil to a golden brown. Garnish with lettuce and water cress.

## MOTHER SEEKS BODY OF SON

Turlock Dairyman Is Drowned in South

MODESTO, Oct. 19.—Mrs. George A. Scott with her daughter, Mrs. Duille Faust, left this morning for San Luis Obispo county where she will confer with another daughter, Mrs. Pearl Grieb, in reference to making an extended search for the body of her son, Claude Stalnaker, who was drowned in Mexico on the tenth of this month.

Stalnaker was employed as superintendent for an oil company operating a well about 300 miles inland from Turlock and the only word received from there since his death was a brief telegram saying he was drowned. No further information can be obtained and Mrs. Scott wants some action taken to clear the situation.

From San Luis Obispo county she will go to Ventura where other relatives are living and then the party expects to take the matter up with the Los Angeles headquarters of the oil company to secure an investigation and some definite information from Mexico.

Stalnaker was a former resident of Stanislaus county, having owned and operated a large dairy near Turlock.

## Seek Membership

For Hanford Club

HANFORD, Oct. 19.—It was decided at the weekly luncheon session of the local Kiwanis club, to resume active canvassing for eligible membership, that the roster may be filled with representatives from each trade, profession, or business in time for an active winter season of community work.

At the luncheon today Bruce Evans, evangelist, now holding a campaign in Hanford, was the speaker. He spoke on "Bringing the Higher Ideals into Business and Community Life."

## Sanger Makes Plan

For Red Cross Drive

SANGER, Oct. 19.—In order to stimulate interest in the coming Red Cross drive, Miss Agnes Burns, president of the Sanger branch, has on exhibition in the public library a very famous milk bottle. This old bottle collected the sum of \$27.47 in pennies, nickels and dimes during the time it was in service of the Red Cross during the World War.

Plans for the annual drive are being made and the Sanger branch wishes to conduct a campaign in this town to have been circulated that all of the money collected is used in the national work. The fact is that Sanger receives the larger good from memberships received in Sanger. During the past year over 34 cases have been investigated and helped. Besides these, the local Red Cross has paid grocery bills for destitute families; bought and sold, furnished clothing for children; so that they could attend the public schools and obtained medical aid for those who could not pay the doctor.

## Dinuba Dentist Is

Given Appointment

DINUBA, Oct. 19.—Word was received here today of the appointment of Dr. Murray S. Haycraft of this city to furnish dental treatment to veterans entitled to it under the regulations of the United States Veterans Bureau.

One dentist from each county is selected for this work according to the established custom, and Dr. Haycraft will treat those from Dinuba county. He is a graduate of the local schools and of the dental school of the University of Southern California.

Three of the four Selma union high school district's buses which furnish daily transportation to 158 students of eight districts at an aggregate cost of \$340 per month. Teachers are used as drivers

## Selma High Is Overcrowded

Daily Bus Service Proves Satisfactory

Attendance Equals Porterville

By Staff Correspondent

SELMA, Oct. 19.—Probably one of the best examples of the "congestion" of high school classes in the San Joaquin valley, is that at the Selma union high school, where 522 students are being cared for in a building built originally to accommodate 300. Twenty-eight teachers are doing the work in 28 class rooms, two rooms from a nearby grammar school have been pressed into service, while the former frame academic building and a frame and asbestos auto mechanic building are serving both as class rooms and as a garage for the school's fleet of buses.

This fact is particularly interesting in the face of the special election called in the district November 8 to vote on a \$400,000 bond issue for the erection and equipment of a new science building, a gymnasium and a manual arts building. It was pointed out yesterday by E. McKillop, principal, that while the Fowler high school district, which recently completed a \$120,000 high school building was bonded to the limit, and the Reedley district about a year ago voted a \$400,000 bond issue for the accommodation of 280 students, the Selma district will receive only about half of the legal bonded indebtedness limit with the passing of the new \$350,000 issue. The valuation for the district is now \$10,173,964.

165 Gas Bus Service  
Selma's fleet of four school buses which are furnishing transportation for 158 pupils who live over three miles from the building were installed for a first cost of \$17,200, and are being maintained for about \$140 per month, McKillop said yesterday. The buses, which operate on regular schedules are driven by regular staff teachers who are paid \$50 per month additional salary for the work. This system has proved more satisfactory than the old system of employing independent or student drivers. Eight districts—Prairie, Walnut, Fruitvale, Selma, Canal, Terry, Central and Franklin, get bus service to within at least one mile from their homes, while others who are off the regular run who furnish their own transportation are given mileage.

Last Friday, for the first time in the history of Selma high school, equalled in attendance Porterville high school, each reporting 522 students for the day.

## Mass Meeting Held

By Riverdale C. of C.;

40 New Members Join

RIVERDALE, Oct. 19.—Secretary Guy Leonard, and J. L. Eeles, publicity director of the Fresno County Chamber of Commerce, were the principal speakers at the mass meeting of the Riverdale Chapter of Commerce last evening. The keynote of their talks was cooperation. They pointed out that the chamber of commerce was not alone for the benefit of any particular class of business, but for the uplift of the entire community, and should have the support of every resident. About forty new members were received.

Talks were also made by Rev. Harlan, Prof. Paxton, J. V. Curd and Mr. Ward. Songs by Miss Mae Lawrence and Mrs. Joseph Perry were given in a pleasing manner.

Following the program, the members went to the Odd Fellows hall, where dancing was enjoyed. During the evening refreshments were enjoyed.

## City Plan Expert to

Speak at Bakersfield

BAKERSFIELD, Oct. 19.—Charles H. Cheney, nationally recognized as a city planning expert will be here next Thursday to speak at the Rotary club luncheon under the auspices of the Civic-Commercial association. Secretary L. D. Blodgett announced today. The Progressive club has been invited to lunch with the Rotarians, and all members of the civic body may attend and are urged to, Blodgett stated.

Cheney was the city planning director of Portland, Oregon, for many years, and is now retained as a consulting engineer by both Sacramento and Long Beach.

He will deliver a practical talk on city growth and management. He will also urge that a city planning commission be created here.

## FRESNO TO AID IN CITRUS FAIR

Visalia Show to Draw Four Counties

VISALIA, Oct. 19.—Wholehearted cooperation was voted today at a noon day luncheon at the Commercial Club, in Fresno by the directors of the Fresno County Chamber of Commerce and Fresno county will join into the Valley Citrus Fair, at Visalia December 10-17 determined to win its first prize of the year. The meeting was attended by J. B. Johnson, president-manager; R. J. Heidemann, secretary, and Floyd Byrnes, advertising manager, and the Visalians found a ready welcome and plenty of encouragement.

Others who officially entered today included Merryman and the Honors Realty company, at Lemon Cove, while very encouraging reports came from Madera county and from Selma and Tulare. Kings county came in officially Monday night, thus guaranteeing four counties in the show with excellent possibilities of five. That Riverside county will also send up a complimentary exhibit now seems assured.

## Victim of Accident

Is Well Known Man

RIVERDALE, Oct. 19.—Parker J. Ryan, 43, who died Sunday morning as the result of a gunshot wound in the head, was a well known figure about Riverdale and vicinity. He had been employed as a stock rancher for a number of years, living at Laguna and at Whittier. After losing his arm, due to anthrax infection, he entered the employ of the Riverdale Co-operative grocery, running the company's large truck. From this position he was promoted to that of cream collector, holding this position at the time of his death.

## Sanger to Discuss

Square Deal Club

SANGER, Oct. 19.—The Sanger center farm bureau has sent out notices of their meeting to be held in the Sanger high school auditorium tomorrow night. The principal topic is the formation of Sanger's Square Deal club, an organization being perfected throughout the rain sections of the valley to assist the Associated

## CHORUS TO MEET

KERNAN, Oct. 19.—The newly organized Kernan Choral Society will meet Thursday evening at 8 o'clock in the Kernan grammar school. Director L. H. Cain of Fresno has sent word that he will be present. Officers will be chosen and other business matters discussed.

Raisin company, if need be, in assuring delivery of raisins from all parties who signed the associated contracts. The principal speaker of the evening will be Ben R. Walker of the Fresno Morning Republican.

## First Kings County

Candidate Announced

HANFORD, Oct. 19.—The first suggestion of the race for county offices that is to come next fall was made when W. R. McKay, deputy district attorney, announced that he would be a candidate for district attorney in Kings county. J. W. Ferguson, the present chief of the district attorney's office, has announced that he will not seek reelection.

# UNION NATIONAL BANK

## Save for a Purpose

You will find it much easier and far more interesting to save, if you have a definite purpose. Perhaps you are compiling your Christmas list and will need money to meet the demands. Begin now to save for this. Perhaps it is something for the home. Saving a little here and there will soon accumulate into a considerable sum and the desired object can be obtained.

And once the saving habit is acquired you will find it easy to go on to save for that future that you want to be independent. Come and let us open an account for you, and put at your service our knowledge of saving methods.

# A GARAGE

Efficient Union Labor Employed

Fresno Union Labor men are employed in our yards, and nothing is put out, either in workmanship or materials, that does not come up to standard in every respect.

FOR ONLY

\$25

DOWN!

Place Your Order Today and the Garage Will Be Delivered and Erected by Tomorrow Night

You pay us \$25 down, arrange for the monthly payments to cover the balance and we will put up a garage for you by tomorrow night! The service is quick, but the garage will be as substantial and well-built as though it took a longer time and cost a great deal more money. Come to the yards, look at the one we have on display and satisfy yourself that this is the best garage proposition that you have come across.

Sectional Garages Have Proven Satisfactory and Save You Money

This is the idea! These garages are built on the sectional plan; they are manufactured from genuine Oregon pine which is bought in short lengths at wonderful savings. Being built in sections it takes but a short time to erect them so that making another saving here the garage costs just about half of what it would built the ordinary way. They have been tried out in other places and are proving satisfactory in every way.

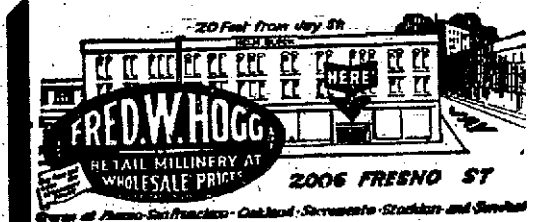

Inquire About Sectional Houses

We can also supply Sectional Houses at a big saving. We are making a specialty of these and can put up a good house on your vacant lot at a real saving. The houses are neat, attractive and exceedingly well-built.

## NEWMAN GARAGE TWO CARS BURN

400 Tons of Hay and  
Barn Saved

Special to The Register.—An untimely fire in the Newman garage destroyed two large automobiles and a frame garage building at the Newman ranch 2 1/2 miles north of Fresno, at an approximate loss of \$8,000. One large five-passenger car, valued at \$4,000 and owned by Joseph T. Friedman, and one 1921 touring car valued at \$4,000 and owned by J. F. Machado were destroyed. Insurance totaling \$7,000 was carried on the two machines, it was learned today.

## Fresno Men Honored at Dinuba Meeting; Seek Raisin Plant

DINUBA, Oct. 19.—James J. Lough, chairman of commerce, was host today, in a luncheon at the Dinuba hotel, at which the president of the California Raisin Association, W. H. M. Giffon, and his board of directors, along with E. H. Wilson, president of the Fresno Raisin Association, and A. O. Wilson of the San Joaquin Light and Power corporation, were the guests of honor.

## Reckless Driving Charge Is Tried

EARLHART, Oct. 19.—Ed Woods of Delano appeared yesterday before Justice of the Peace J. Wilbur Tate to answer to charges of reckless driving. While returning home from Tulare on the night of September 11, 1922, Woods passed another car near Pixley and in turning back to his own side of the highway he said to have run down Misses Edna and Florence Hickey, who were walking home from church, injuring both. In the course of the trial it was alleged that the defendant was driving at a high rate of speed and without proper lights. One of the girls sustained a broken leg and was carried 150 feet on the radiator of the car. District Attorney Fred Scott of Visalia represented the state, and Attorney Calvin Russell of Tulare defended Woods. The court deferred judgment 30 days.

## Reedley to Obtain Free Mail Delivery

REEDLEY, Oct. 19.—Acting Postmaster Ben H. Miller today received information through Herbert Work, first assistant postmaster general at Washington, that Reedley will be given free delivery of mail April 1, 1922. There will be two deliveries daily in the business district and one in the residence section.

## Funeral to Be Held at Patterson Today

PATTERSON, Oct. 19.—The funeral of J. R. Anderson who died Sunday at the Emmanuel hospital at Tulare will be held tomorrow afternoon. Services at the home will be held at 2 o'clock at the Swedish Mission church at 2:30 o'clock.

## FRACTURED COLLAR BONE

PATTERSON, Oct. 19.—Al Harrison, small son of A. Harrison, Southern Pacific agent here, fractured his collar bone in a fall which he suffered recently. He is reported to be recovering as rapidly as can be expected.

## SAN JOAQUIN VALLEY SOCIETY

### MISS PERRY OF DINUBA IS MARRIED

At a quiet wedding at Visalia, Tuesday morning, Miss Margaret Perry and John E. Gerow were united in marriage, Judge Clark of Dinuba performing the ceremony.

Mr. and Mrs. R. L. Perry, parents of the bride and Mr. George Gerow, father of the groom, were in attendance at the wedding.

### HUGHSON BREVIETTES

William Repass made a trip to Strawberry Ridge to repair Ralph Crow's machine. He was accompanied by James Richards. They returned Saturday.

### KARL SNYDER IS SPENDING A FEW DAYS IN THE CITY

Mr. and Mrs. Gene Adkins were Sunday guests at the home of his parents in Modesto. Adkins' father has recently purchased a place in Hughson where he will run a feed and poultry store.

### Mr. and Mrs. Ralph Crow returned from their summer home above Strawberry Sunday.

### PIXLEY BRIEFS

Mrs. J. A. Compton of Hanford was a caller in Pixley enroute from Los Angeles.

Hal Hudson is convalescing from his recent illness.

Mr. and Mrs. Tahano spent Saturday in Fresno.

Mrs. Z. E. Boyd and Mr. and Mrs. Kenneth Kingle were visitors from this city to Bakersfield last week.

Mr. and Mrs. H. C. Schultz, C. A. Thibault, and Karl R. Lewis.

A short general discussion by the director of the Dinuba chamber of commerce relative to a lately introduced question of the adoption of the budget system was followed by interesting talks from several of the visitors. Among the most important disclosures was the statement of the president of both associations that next year would be all probability ten new plants in our city, to take care of the ever increasing output.

The plant of the raisin association here is now being pushed into its capacity, and is in a position to handle, for some time, the need of a modern and up to the minute plant has been very much needed.

### BULLARD CENTER TO MEET

A special meeting of the Bullard farm bureau will be held at the school auditorium Friday evening followed by an entertainment and debate. The subject will be "Resolved that automobiles are a detriment to the country." The affirmative will be taken by Dr. Browning and William Payne and the negative by J. Teel and C. C. Coleman.

E. Zug was called to Glendora on account of the death of his father, A. E. Zug.

Mrs. Fred Lure is visiting with relatives and friends in Glendora.

### OROSI, DINNER PLANNED

The Keystone class of the Orosi Baptist church will be entertained at the home of Mr. and Mrs. E. C. Marshall in East Orosi Friday evening. The first feature of the occasion will be a chicken supper after which a business session and social hour will follow. Under the leadership of T. W. Limman the enrollment of the class has reached 40.

### GIVE PARTY AT PATTERSON

The members and friends of the Presbyterian church of Patterson gave Mr. and Mrs. Dean Foster a surprise party Monday evening at the home of Mrs. Wigginton's parents, Mr. and Mrs. G. S. Wallace in the south end of the colony. About 40 were present, and spent a pleasant evening during which Mr. and Mrs. Wigginton were presented with a beautiful picture. During the evening refreshments were served.

### KERMAN PICNIC PLANNED

Beulah United Brethren Sunday school will hold its annual picnic at the community picnic grounds near Shaggs bridge at Kerman Saturday. Everyone in the community, whether a member of the Sunday school or not, is invited to spend the day at the river.

The young men's club will have charge of the athletic part of the program, which will include games and contests for those wishing to take part.

The men's bible class is arranging a musical and literary program, while the women's bible class is looking after the luncheon. The young ladies class is in charge of the transportation.

## OBSERVE THREE BIRTHDAYS AT REEDLEY AFFAIR

A trio of birthday anniversaries was delightfully celebrated Friday afternoon, Mrs. P. H. Hunsberger, Mrs. Mary V. Mallory and Mrs. Ada Smith of Reedley presiding as joint hostesses in their own home at the home of the former.

Favored with invitations for the affair were the 33 members of the Bethany class of the First Methodist Sunday school who brought their needlework and passed a pleasant social afternoon enlivened with music, the hostesses serving an attractive little lunch as a final feature.

While arranged by the three hostesses as their personal celebration, another member of the class, Mrs. Elaine, whose home is out of town, remembered after she arrived at the party that the date was also her natal anniversary and she was included in the honors.

### PATTERSON AID MEETS

Election of officers for the coming year was the principal business which came before the meeting of the Methodist Ladies Aid of Patterson Monday.

Those chosen for office were: Mrs. C. M. Smith, president; Mrs. T. G. Gifford, vice president; Mrs. Frank Hart, secretary; Miss Annie Wall Burnett, chairman; Mrs. Kild, assistant chairman. A vote of thanks was tendered Mrs. Gifford for her work during the past year.

### KERMAN CHORUS TO MEET

The Kerman Choral society will meet Thursday evening in the Kerman grammar school for rehearsal.

Director L. B. Cain of Fresno will be present to give instruction in the singing. The choral society will take part in the presentation of the Messiah or the Hallelujah chorus to be given in Fresno this fall.

### COALINGANS ENTERTAIN

Mr. and Mrs. Bob Thompson of Coalinga entertained a number of friends with a card party Friday evening at the Ochs Apartments. Delicious refreshments were served. The high score was won by Mrs. Thompson and J. R. Brown.

Following were those who enjoyed the affair: Mr. and Mrs. J. R. Brown, Mr. and Mrs. J. W. Howe, Mr. and Mrs. J. O. Coffman, Mr. and Mrs. E. Estell, Mr. and Mrs. L. E. Crowder, Mr. and Mrs. George Cook, Mr. and Mrs. Bert Pleasant and the host and hostess, Mr. and Mrs. Bob Thompson.

### STANDARD P. T. A. MEETS

The Parent Teacher association of the Standard school at Bakersfield met Friday in the auditorium, and enthusiastic and busy session was held. A number of committees were formed, and chairman appointed as follows: Miss Floy Rannells, program; Mrs. Grace Murphy, refreshments; Mrs. E. L. Wilbur, publicity; Mrs. P. C. Escalera, legislation; Mrs. R. Martin, membership; Mrs. Kalzer, sanitation; Mrs. L. Johnson, philanthropy; Mrs. Gider, recreation; Mrs. E. L. Wilbur, ways and means.

It was decided to hold a social and card party late in November, for the purpose of raising funds to continue the work of the P. T. A. The school luncheon, functioning under the auspices of the association, is now paying its own way. It is announced by Mrs. Wilbur, principal of the school, that the entire equipment of the lunchroom was installed by the P. T. A., at the cost of \$50.

### BUILDS NEW HOME

REEDLEY, Oct. 19.—Mike Alvey who recently sold 10 lots on Acacia avenue, a part of the Alvey residence property, is building a new home just north of his present residence.

### EASTON AID TO MEET

The Ladies Aid of the Methodist church of Easton will meet this afternoon at the home of Mrs. J. C. Eichman.

## SCHOOL AWARD IS RESCINDED

Oakdale to Readvertise  
For Bids

OAKDALE, Oct. 19.—The school trustees have rescinded the contract for the construction of Oakdale's new \$40,000 school house, given to Sheppard & Ripley of Stockton, and will readvertise for bids.

Joseph Chirart, a rival Stockton contractor, who was first notified that he was the low bidder, threatened to bring suit if the construction was begun under the contract, and upon advice of District Attorney Brown the board decided that the best course would be to ask for new bids. These will be opened November 3.

As originally figured Chirart was the low bidder, but he bid only on the brick and carpenter work, and when other coats of construction were added it was discovered that errors had been made, and Sheppard & Ripley were the low bidders.

Chirart declared that under the call for bids the board had no right to accept a lump bid for the work, even though the specifications did permit this to be done, and the district attorney advised that the contention might cause trouble. Later Chirart agreed to withdraw his objections, but the district attorney advised against this, and instructed that new bids be asked.

### Fowler Minister to Leave for Oakland

FOWLER, Oct. 19.—Rev. Keller O'Neill, for the past ten months pastor of the Christian church here, leaves tomorrow with his family for Oakland to accept a call as pastor of the Fruitvale church.

Coming to Fowler, Rev. O'Neill had done V. M. C. A. secretarial work in Texas and had spent some time in lecturing on the Radcliffe Chautauqua circuit. Among his most noteworthy public utterances here was his baccalaureate sermon to the 1921 graduating class.

### UNDERGOES OPERATION

REEDLEY, Oct. 19.—Miss Marie Wilson, daughter of Mrs. A. L. Wilson, who underwent an operation for appendicitis at a Fresno sanitarium last week, is reported to be recovering and no serious complications are looked for.

### UNDERGOES OPERATION

REEDLEY, Oct. 19.—Miss Gladys Reed, daughter of Mr. and Mrs. E. R. Reed, is confined at a Fresno sanitarium where she was operated on for appendicitis a few days ago. Miss Reed is reported to be getting along as well as could be expected.

### Perhaps it was Elbert Hubbard

though the Roycrofters generally ascribe to Emerson the famous quotation that, "If a man build a better house, write a better book or preach a better sermon than his neighbor, the world will make a beaten path to his door."

Whoever the author, the truth of the epigram is evidenced by our uninterrupted progress over a period of more than thirty years of honest eye glass service.

## Newman Students are Vaccinated as Smallpox Spreads

Special to The Register.

NEWMAN, Oct. 19.—As a precautionary measure against the wave of light smallpox which has visited Newman grammar school and high school children are being vaccinated.

Doctors H. H. Armstrong, and J. W. Reed, with the aid of a special nurse from Sacramento, some 110 light cases have been put under quarantine here. Up to today 50 per cent of the grammar school children had been vaccinated while the work on the high school children has also been started.

The Newman board of health recently secured the cooperation of the chamber of commerce in prohibiting public gatherings until the disease could be controlled.

## OAKDALE CITY MAYOR RESIGNS

Removal to Stockton Is  
Given as Reason

OAKDALE, Oct. 19.—Dr. L. E. Thompson, mayor of Oakdale, resigned his position today, as he has decided to locate in Stockton. The resignation was accepted, and A. L. Gilberg, appointed as city trustee in his place.

Dr. Thompson will probably convert his hospital here into an apartment house. He expects to engage in medical practice in Stockton and will move to that city in a few weeks.

The new trustee is a former member of the city board, but retired three years ago. He is a prominent local doctor.

The board elected A. E. Lowden, as mayor in place of Dr. Thompson, who had served as trustee for three years. Resolutions commending the retiring official were unanimously adopted.

## REEDLEY PLANS AIR THRILLERS

Armistice Day Program  
Is Revised

REEDLEY, Oct. 19.—The Armistice Day committee at a meeting last evening decided to add new features to the entertainment for the celebration. Aviators will be employed to perform various stunts during the day. One of the features will be death defying stunts by Captain Tanner while Jack Jenkins will thrill the crowd by dropping from an airplane onto a stack of hay without the use of a parachute. Jenkins will also walk the wires.

Another feature will be an auto polo game between two teams of ten men each, two men to the machine.

In deciding to put on these features the committee also decided not to have a big army dinner as formerly intended. The various women's organizations of the city will be requested to assist in preparing food for the large crowd. There will be no charge for such a concession, the committee feeling that the women will be conferring a favor by the undertaking.

R. H. Webb is the chairman of the concessions committee.

## Fowler Resident Dies at Sawtelle

FOWLER, Oct. 19.—O. D. Fullerton, 77, native of Indiana, and for many years a resident of this section, died yesterday at the old soldiers' home at Sawtelle.

Fullerton had been in failing health for several years, but had only recently been removed to the home. He is survived by his wife and five children, Carl, John, Bert and Dwight Fullerton and Mrs. C. B. Scott.

Funeral services will be conducted Friday from the home of Carl Fullerton here, under the direction of Rev. John Acheson, of the United Presbyterian church of Fowler and Rev. H. H. Bell of Fresno.

## Reedley to Get New Moose Lodge

REEDLEY, Oct. 19.—A Loyal Order of Moose will be instituted at Lodge Hall Friday night of this week when a big delegation from Fresno is expected to be present to put on the work.

A. M. Swartzel and J. I. Walters, the supervisors who have been interesting citizens in the order, are well pleased with the progress made and are looking forward to a fine lodge here.

## UNDERGOES OPERATION

REEDLEY, Oct. 19.—Miss Gladys Reed, daughter of Mr. and Mrs. E. R. Reed, is confined at a Fresno sanitarium where she was operated on for appendicitis a few days ago. Miss Reed is reported to be getting along as well as could be expected.

## Two Friant Men and Woman Fined For Bootlegging

MADERA, Oct. 19.—William Kennedy and Mr. and Mrs. Thomas Kennedy who live a mile east of Prieta were arrested yesterday by Deputy Sheriff Smith on the charge of bootlegging. All three were brought before Justice of the Peace R. L. Henderson, where they faced guilty.

The two men were fined \$300 with the alternative of spending 180 days in jail. Mrs. Kennedy collected the manufacture of liquor and was fined \$100 with the alternative of 100 days in jail. Two were given until tomorrow afternoon to pay their fines.

## Five Men Are Caught In Dinuba Drug Raid

DINUBA, Oct. 19.—Five men were arrested today in a raid conducted by City Marshal Jarrett and the bringing of charges against them was deferred to give them an opportunity to leave the city. The men were R. E. Lee, P. T. Tai, S. Chung, Y. H. Kim and B. Y. Park, and according to the statement of Jarrett a small quantity of drugs was found in their possession.

The men were arrested in a collar in the rear of the Yonaheli cycler on West Tulare street, and were taken before City Recorder Chase, who after an informal consideration of the case agreed to allow the men an opportunity to leave the city. They are laborers, and had little money in their possession at the time of their arrest.

## THE SCIENTIFICALLY BUILT WATCH

Waltham Equity Watch, Nickel Case, Black and Bezel, Case 16 size 7 Jewels \$12

## Twelve Dollars

THIS watch is called the Waltham "Equity." And it is positively the greatest watch value ever presented for twelve dollars. We are speaking of watches, not pocket clocks.

It is a seven jewel time-piece. Every "part" made under the roils of the great factory at Waltham. And accurately made, for accurate telling of time. Every part of Waltham standardized quality.

This is the watch that makes the foreign maker wonder how we do it. It is a mighty fine time-keeper. Dependable, long-lived. An ideal watch for rough service. Yet good looking and friendly, year in and year out.

The Waltham "Equity" costs little, but gives much. It is quickly and economically repaired. A watch value that is unequalled anywhere.

Ask your jeweler. He knows all about it.

Write for a valuable booklet that is a "Liberal" "Watch" education. Sent free upon request. The Waltham Watch Company, Crescent Street, Waltham, Mass.

## WALTHAM

## STATE COLLEGE ELEVEN WILL PLAY CALIFORNIA TECH TEAM SATURDAY

Fresno High Has Game With Madera Tomorrow  
While the Tech High Eleven  
Goes to Sanger

Fresno state college students will have the first chance to see their football team in action Saturday afternoon when the college eleven tackles the California Technical College team on the speedway field. Coach Hob Hastings returned yesterday from a trip to Los Angeles where he entered into negotiations for games with other southern California college teams. So far his schedule is only tentative, but he expects to line up several good games for the state college eleven.

The eleven from California Tech, which was formerly Troop College, is considered one of the fastest small college combinations in the southern part of the state.

The game here Saturday should give a good line on the kind of material he has in his team.

After other state college games, Hastings is also negotiating for games with the state colleges at San Jose and Chico and expects to have his season's slate full in a few days. The uncertainty of developing a creditable eleven from material in the new state colleges has made it necessary for all these institutions to line up their games later than usual this year.

Last week, the Fresno college eleven came out on the short end of a 35 to 0 score in a game with the College of the Pacific Tigers, but reports coming from San Jose indicate that the team's opening was done as the result of fumbles and freak plays. Hastings' team outplayed the Pacific eleven in actual scrimmages, but lost every chance to score as the result of fumbles.

**Backfield Fast**  
The Fresno college line, though not particularly heavy, has shown plenty of ability in stopping the plunges made by the heavier Pacific line. Hastings has a backfield of several of these men had experience on valley high school eleven. A large number of his men are inexperienced, but Hastings is spending the week trying to work the "tendency" number out of his team and in developing a few of the "less experienced" players. He offered the prediction yesterday that the Fresno team once again would come out on the long end of the score Saturday.

**Fresno High Ready to Meet Madera**

Coach Hewitt and Newman at the Fresno high school have been putting in extra time this week getting their eleven in shape for the game with Madera. The Fresno high boys go up against the Madera high team in their third game of the season.

So far this season Fresno high has had a clean slate, winning the first two games on their schedule. A prospect has been entered over the Fowler

on the Sanger eleven.

**Tech Eleven Meets Sanger**

The Fresno Technical high eleven is also scheduled to go out of the city to play this week, and will meet the Sanger high eleven at Sanger Friday.

This is the Tech high school's first year and most of the material is new and knows very little football.

**Big Squad Out**  
A large number of students have turned out, however, and Dickman expects to be able to teach the gridiron game to enough of these candidates to develop a fairly good eleven before the season is over.

The Sanger team is reported to have a strong backfield made up of four promising young football players.

Coach Fowler plays football for the Sanger team, with Lloyd Bridges and Dick England at the half back positions. Allen Bawinger is full back on the Sanger eleven.

**BAR MEETING OPENS TODAY**

**Four Fresnoans Are To Attend Gathering**

At least four delegates will represent the Fresno County Bar association at the twelfth annual meeting of the California Bar association, which will be held at the Mission Inn, Riverside, today, Friday and Saturday.

The annual address will be delivered by the president of the association, Mr. H. H. Weykoff, of Watsonville, which will be presented Thursday afternoon. The annual address will be delivered by United States Circuit Judge William H. Egan, of San Francisco, who will speak on Friday morning on "The Influence of the Profession."

On Friday afternoon Hon. Henry D. Clayton, of Montgomery, Ala., will speak on "Popularizing the Administration of Justice."

On Thursday evening there will be a round table discussion.

The annual banquet will be held in the Mission Inn on Friday evening, and the ladies will attend.

**Cousins to Talk to Army Workers**

Colonel Cousins of San Francisco, assisted by Staff Captain McLaughlin, from Los Angeles, will lead the special meeting at the Salvation Army hall, 327 Van Ness boulevard, tonight. The colonel is the territorial secretary for the young people's work in the western states and Hawaiian islands. The public is invited.

**KACERER FUNERAL TODAY**  
The funeral of Kacerer will be held in Calvary cemetery today following funeral services at 9 o'clock this morning in the St. John's Catholic church.

She is survived by her husband, Joe Kacerer; one daughter, Mrs. Stella Talsky; and one son, Pete Kacerer.

Funeral arrangements were made by Stephens & Bean.

**RACE DRIVERS PREPARE FOR COTATI EVENT**

SANTA ROSA, Cal., Oct. 19.—Several of the nation's fastest automobile drivers meet on the Cotati speedway, near here, next Sunday in a round race which may decide the speedway championship of the United States.

Two of the races will be Tommy Millett and Roscoe Egan, who are only a few points apart in the year's battle for points which decide the possession of the American Automobile Association speed crown. If Egan places ahead of Millett Sunday, he will take the lead in points.

Other drivers will be Jimmy Murphy, Jimmie Smith, and Earl Dean. Murphy, who won the 100-mile race at Cotati track, Jerry Wondrich, Joe Thomas, Tom Allen, Earl Dean, and others.

**Former Vice President Tom Marshall, chatting with his successor, Calvin Coolidge, after a recent visit to the White House.**

Thomas Marshall, vice-president of the U. S. under President Wilson, recently called at the White House. He denied, however, that he was a "lame duck" seeking a job. "This country will need a good first class citizen," said Marshall, "and I am going to be Vice-President Coolidge at the close of his fall."

**Backfield of the Sanger high eleven which plays Fresno Tech Friday. Left to right, Fowler, Bridges, England and Narringer**

**SMITH'S HUNCH ABOUT INJURIES A CORRECT ONE**

BERKELEY, Cal., Oct. 19.—Some time ago, Andy Smith, head football coach at the University of California, said he feared injuries this year might cripple his "wonder team" which last season won the Pacific coast conference championship and defeated Ohio State University at Pasadena. Smith evidently knew what was coming, for soon after his statement appeared, several knee and thigh players are put on the hospital list.

California's big loss is in H. P. (Honey) Muller, and probably the best player on the team, who broke a bone in his knee while playing against the University of Oregon. There is a possibility that Muller will be in the California lineup for the "big game" against Stanford University November 19.

Another player hard to fit is the quarterback position, held last year by Charley Ebb, who is out of the early games this year with bad eyes. Ebb expects to play in the conference games, but others on the hospital list and their injuries are Jack Witter, promising fullback candidate, broken leg; Earl Davidson, first string and substitute, sprained ankle; Jimmy Shaw, substitute quarterback and fullback; and Earl Davidson, first string and substitute, broken leg.

**RIVAL NINES HOLD BANQUET**

Special Correspondent.

**ANGELS WIN FROM VERNON**

LOS ANGELES, Cal., Oct. 19.—Los Angeles won again today from Vernon 2 to 1, after a 12-10 split in the first game.

Fred Ludlow, holder of official speedway records who will appear here November 24 with other world famous motorcycle racers

## LEGION EXPECTS FAST GAME SUNDAY

SELMA OUT FOR CHAMPIONSHIP  
FRESNO MUST BUCK A HEAVY LINEUP

Two of the fastest American football eleven in the San Joaquin valley will oppose each other Sunday afternoon, when the Fresno American Legion team goes to Selma to play the Legion football machine of that town.

Fresno and Selma teams have shown up so far this season as two of the three leading football teams in the valley. The latter eleven being the only other team with strength enough to lay claim to championship caliber.

Last Sunday Selma defeated the fast Dinuba eleven by a 26 to 7 score, in the hardest fought game played in the valley that day. The Dinuba team was thoroughly outplayed by Selma, making its only touchdown in the second quarter when Benny Tait intercepted a forward pass and went over the Selma goal line for a forty-five-yard touchdown.

Selma was handicapped in the game with Dinuba by having several star players on the injured list. Most of these men are back in suits this week, and the Selma managers report that their team will be at its full strength for the game with Fresno.

With the state American Legion championship as its goal for this year, Selma is out to win every game on its schedule, and a defeat by Fresno Sunday will put it out of the running unless the "punch center" can come back and win on Fresno's home field on December 11 when the two eleven play their second game.

Fresno players also have the coveted state championship title in their minds and will fight just as hard Sunday to keep from being eliminated in this race, if the local team wins this week. Coach

Ludlow is confident that his men can also take the second game from Selma. Fresno will then have but one dangerous team to check the eleven, which is scheduled to play here on December 18. It is prevailing opinion here that the San Francisco American Legion team is not as strong as the valley teams, and that the championship will be won by the eleven that wins all of its games with San Joaquin valley teams.

The Selma eleven will be a hard combination to back. Selma is perhaps the leading football town in the valley and its players have grown up with the game. The eleven is composed entirely of local talent, except players on the team having lived most of his life in that town. While the team does not claim any outstanding stars like the Fresno team, most of the players have been in the game together for several years, and as a result have developed a football machine that excels in team work.

Fresno will have plenty of weight to buck Sunday when it goes up against the Selma line, which averages 180 pounds to the man. Coach Lermel figures on using his heaviest men to start the game. In the back field, Oliver Munson, Newman, Elmo, Meyer and Hastings will attempt to stop the Selma players who get past the first line in interference. Alton and Ryan are expected to start the game as outs and these men should do some flashy work in getting down under punts and catching forward passes.

The definite lineup for Fresno will not be announced until after the final work-out Saturday evening.

## American Legion Will Stage Motorcycle Races on Fresno Speedway Thanksgiving Day

Twenty of World's Greatest Speed Demons Are  
Expected to Be On Hand For  
November Race

World's championship motorcycle races on the Fresno Speedway are to be held on Thanksgiving Day under the auspices of Fresno Post of the American Legion. Through the generosity of H. E. Patterson, manager of the speedway association, every cent of the revenue will be devoted to the Legion fund.

Eddie Waterman has been named chairman of the committee in charge of the race meet and yesterday in conjunction with Patterson, sent east for a team from the Motorcycle and Automobile Trades association which is the official motorcycle racing association.

A field of probably twenty of the world's greatest motorcycle racers is expected to be here for the big meet. Three members of one team were in Fresno yesterday and gave Waterman definite assurances that they would be here to compete. They were Joe Walters, Al McNeill and Tom Anderson.

In Los Angeles, J. J. O'Connor, official representative of the Motorcycle and Automobile Trades association, has been authorized by Waterman to sign up every available motorcycle racer of championship caliber and to secure no effort O'Connor has announced that the following men are on hand and ready to compete: Otto Walker, Gene Walker, Ray Davidson, Jim Davis, Ray Weisbar, Fred Linton, Ralph Hepburn, Roy Arley, Frank Fabel, Wild Bill Church, and possibly Don Johns.

Other drivers who are at the factory in the east including Bill Newman, will be invited to participate. It is believed that Robert Sarkisian, the local aspirant to championship fame and who, "Battered" recently, showed up well on the dirt track, will be among the drivers.

Waterman will name his committee which will be composed of Legion members, today. An active program during the month intervening is to be carried out.

There will be one driver missing at the "Thanksgiving Day" race. It is "Shirley" Burns of Oakland, whose daredevil and marvelous driving here on Washington's Birthday, won for him the heart of every Fresno fan. Burns was killed last August in a mishap at Cleveland.

The race will be contested for a purse amounting to nearly \$5,000, according to tentative arrangements. The race program will probably be divided as it was last year, into five, ten, fifteen, twenty-five and fifty mile races. This will give over a hundred miles of driving and together with the place trophies of a mile lap each, the program should be most interesting.

Otto Walker, who won the four races last year and established four unofficial world's motorcycle records on the track, is to be back again. It was Walker who made the Washington birthday race as interesting as it was, by jockeying with Shirley Burns in an attempt to help his teammates win second and third money.

Walker won the mile trouts race, the ten-mile race, the fifteen-mile race and the fifty-mile race. His fastest lap was 32.1 seconds, which is over 100 miles an hour. He won the fifty-mile race in 39 minutes, 31.5 seconds, jumping off over 3 minutes from the former record made at Sheepshead Bay by Weisbar.

In the ten-mile race Walker broke the record by a half minute, traveling the distance in 5 minutes and 45 seconds. In the fifteen-mile race he covered the distance in 5 minutes and 30 seconds, breaking the former record by over 3 minutes.

Gene Walker, the dirt track champion, and Fred Ludlow, who now holds the local record in the "Motorcycle" race, through victories at Beverly Hills and Calumet, will be among the drivers. Don Johns, who is a possibility, was the first champion driver since motorcycle racing became a recognized sport. Johns held the title for several years.

The races here last year proved to be the most thrilling that the local people had seen up to that time. The motorcycle speed demons raced about the oval closer and faster than did the automobile racers and as a result produced infinitely more thrills, yet none were injured. The finishes were equally exciting. Nearly 15,000 people witnessed the races at that time.

**BILLIARDISTS ENTER TOURNEY**

NEW YORK, Oct. 19.—Leading billiardists of Europe and America are among entries made public tonight for the world's championship 18.2 ball contest to be held in Chicago from November 14 to November 19.

The list includes Willie Hoppe, present world's champion; Walker Coltrin, San Francisco; Edouard Foreman of Belgium, champion of Europe and Ora Morangstein, San Diego.

**WIN FROM CHAMPIONS**  
PHILADELPHIA, Oct. 19.—Willie Hoppe, amateur golfer, champion of Great Britain, and Max Johnston, of Philadelphia, defeated Jess Gurnford, American amateur title holder and Francke Colmer, former open and amateur champion in a 36-hole exhibition match today, four and three.

**WANTS FIGHTS WITH BOXERS IN THE VALLEY**

Jack Downey, manager of a number of boxers in San Francisco, wants to match his protégés with the best talent in the San Joaquin valley. According to a letter received here yesterday, Downey trained Jimmy Roche, who trimmed Charley Frias in a sensational battle at Los Angeles last week.

According to Downey's letter, he has three boxers besides Roche who are in condition and ready at any time to accept matches in the valley. These men are in training daily, he says, and can fight on short notice. Among Downey's protégés are Jimmy Doyle, lightweight; Webb McIntyre, middleweight; and Bob Mullins, a heavyweight.

Downey believes he has a real find in Jimmy Roche and wants to match him with the best featherweight talent available.

**YANKEES WANT HARRY HOOPER**

NEW YORK, Oct. 19.—Efforts to obtain Harry Hooper, former star outfielder of the Boston Red Sox, now with the Chicago White Sox, are being made by the New York Yankees. It was learned today that Johnny Mitchell, obtained by the Yankees last spring from the Vernon club of the Pacific Coast league, may figure in the proposed deal.

## NEW RECORD SET BY MISS LEITCH

NEW YORK, Oct. 19.—Cecile Leitch, holder of the British, French and Canadian women's golf championships, today set a woman's course record of 74 for the Bellerose links in winning her match in the club invitation tournament against Mrs. M. Hecker.

Miss Leitch, who won by five and four, bettered the former mark by two strokes and took only three more than par.

According to Downey's letter, he has three boxers besides Roche who are in condition and ready at any time to accept matches in the valley. These men are in training daily, he says, and can fight on short notice. Among Downey's protégés are Jimmy Doyle, lightweight; Webb McIntyre, middleweight; and Bob Mullins, a heavyweight.

## OLD AMERICAN STAMPS SOUGHT

Collectors Pay High Prices

LONDON, Oct. 19.—Several American stamp collectors have been in London lately eagerly trying to secure the pick of English collections of United States stamps. One reason for the present boom in American stamps, a well-known London stamp dealer explains, is the fact that the older issues are remarkably well engraved.

"Americans," this dealer continued, "are particularly keen on issues depicting scenes in their national history."

The 24-cent issue of 1893 shows a picture of the signing of the Declaration of Independence. It is an excellent specimen of the engraver's art that its present quotation is 4 pounds unissued and 2 pounds used.

A few specimens of this stamp are worth 100 pounds, for a quaint reason. By inadvertence, a very small number were originally printed with the picture upside down; and the few still existing fetch the enhanced figure.

The 50-cent stamp of the 1869 issue, with no embossing, and brown gum, bearing a picture of Abraham Lincoln, is in great demand at 20 pounds.

"Quite a little romance was attached to the sale of an old stamp to an American collector the other day."

"Looking through one of the 12 volumes of our largest collection, he suddenly caught sight of an old envelope bearing an 1847 George Washington stamp."

"That is certainly remarkable," he exclaimed. "That letter is addressed to my grandmother; and it was written by my grandfather before their marriage."

"He promptly bought it at a high price as a matter of sentiment."

## Merced Library to Have New Building

MERCED, Oct. 19.—The Merced county library is now being moved to its new quarters in the building prepared for it in the court house park. The new library was formerly the Merced Union high school, but has been entirely rebuilt for the use of the library, also as quarters for the county farm bureau, making it a headquarters for county people.

## The Call of the Woods

Senator Miles Poindexter hunting along the Potomac, above, and below the first bull moose of the season in the Devil's river section in Quebec province.

The hunting season is on in full blast and is drawing its devotees of the gun from all walks of life and all parts of the world. Above Senator Miles Poindexter of Washington has laid aside official duties for a tramp and a

shot or two at small game near the capital. The other photo shows George E. Wheeler of Saint Jovite, Quebec, and A. J. O. Keefe, Jr., of New Rochelle, with what is said to be the first bull moose bagged in the Devil's river section of the Laurentian mountains in the province of Quebec this fall.

## Merced County to Clean Bear Creek

MERCED, October 18.—At their meeting yesterday the Merced county supervisors voted to advertise for bids for the cleaning out of Bear Creek with a view to flood prevention. Of late years the creek has be-

come overgrown with willows and in time of high water, debris lodges against the trees causing the stream to overflow its banks. The willows will be removed by the county and the channel cleaned.

CHURCH WINS MATCH  
PHILADELPHIA, Oct. 19.—Arthur Church, of Yonkers, N. Y., defeated Benny Allen of Kansas City, a former champion, in the first match tonight of the national pocket billiard tournament. 325 to 104 in 25 innings.

## GENERAL DIAZ IS WELCOMED

New York Greets Army Head

NEW YORK, Oct. 19.—Italy's "man of destiny," General Armando Diaz, commander of the Italian forces toward the end of the world war, was given an enthusiastic welcome when he arrived here on his way to attend the convention of the American Legion convention at Kansas City.

From the time the steamship Giuseppe Verdi, escorted by destroyers, started up the harbor, until he had landed at Battery Park to be driven to the city hall to receive the city's freedom, whistles of harbor craft shrieked, a noisy welcome. Crowds, more than half of them Italian, cheered at the Battery. General Diaz finally was escorted inland at the warmth of the greetings and continually saluted in response to the plaudits of his admirers.

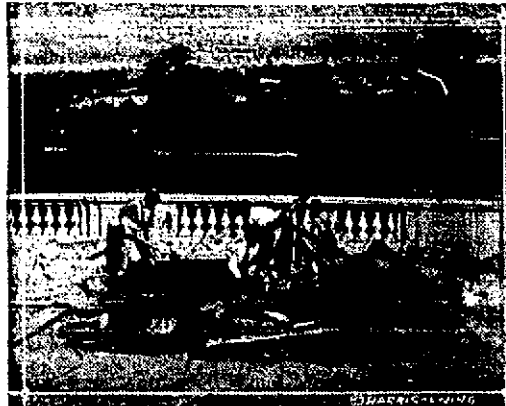

Committees representing the American Legion, representatives of the army and navy, diplomatic delegations and officers of Italian societies went down the bay in steamers and gave him the first greeting. As the steamer passed Governor's Island, in sight of the Statue of Liberty, the guns at the Fort thundered a salute which was returned.

## MAN INDICTED

MEDFORD, Ore., Oct. 19.—Raleigh Matthews, Eagle Point, rapeseed was indicted today for second degree murder as a result of the fatal shooting of Wilbur Jacks, also of Eagle Point, several weeks ago.

Among 17 other indictments six involved bootlegging charges.

## Grave Made Ready for Hero

Workmen preparing the grave in Arlington National cemetery.

The grave in which the body of the unknown American soldier will be laid to rest on Armistice day in honor of the memory of all U. S. soldiers who gave their lives in the World war, is now being made ready in Arlington National cemetery. The burial

of the unknown hero, whose body is being brought from the battle fields of France, will be part of the Armistice day ceremonies. President Harding, other statesmen and military leaders will walk behind the casket of the hero to the cemetery.

## Send Vessels to Locate Schooner

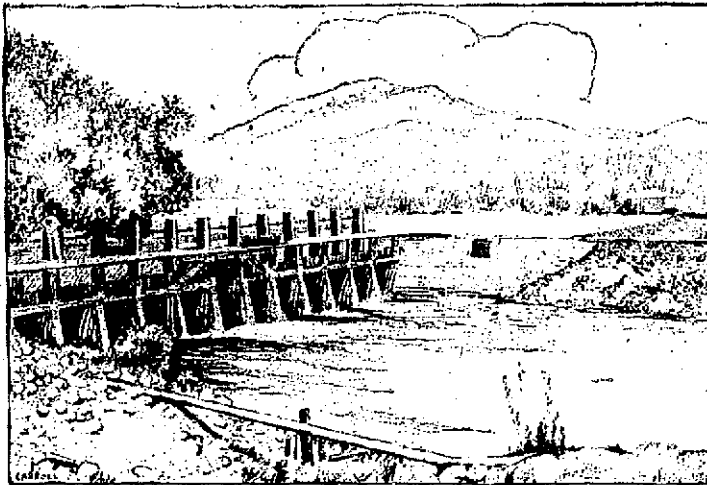

SAN FRANCISCO, Oct. 19.—Two vessels have been dispatched by the Alaska Packers Association to look for the schooner Santa Clara, overdue on its return trip from the Bering sea fishing banks. It was announced today by the association.

Congressman Julius Kahn has telegraphed to Washington asking that coast guard cutter Unadilla in Bering sea be ordered to look for the Santa Clara, and that coast guard stations at various points also start search. The Santa Clara started home 43 days ago.

**NOTICE:** It's your fault if you get ordinary corn flakes. The superior kind is sold under this name only—

**Post Toasties**  
—best corn flakes

Scientific, economical and maximum production makes the cost of Post Toasties the same as ordinary corn flakes. Order by name.

## First Successful Irrigation in 1866

Irrigation headgates in Kings River above Corcoranville, a favorite spot with picnickers. Few of those who go to this spot realize it was here that years ago the first small irrigation ditch was dug—the first step taken in making Fresno the great agricultural empire it is today.

IN THE SUMMER of 1866 two farmers, Anderson Akers and S. S. Hyde, appropriated the first water for irrigation purposes. Through a ditch, four feet wide and two feet deep, they diverted the waters of the Kings River to their farms.

A notable figure in irrigation development was Moses J. Church, "the father of irrigation." In 1868, believing water all that was needed to make these vast lands abundantly productive, he became interested in this work, and within two years had carried water twenty-five miles into the heart of Fresno's agricultural lands.

THOUSANDS ARE SAVING OUR DIVIDENDS—WHY NOT YOU?—They are a profit sharing arrangement whereby every Kutner customer whether in Fresno, Hanford, Selma or Madera participates in the earning of the Kutner chain of stores, by concentrating their buying and saving our dividends, one given with each 10¢ sale. —You can no more afford to neglect saving these than you can afford to leave the counter without your change.

## BLAST tree beds; get bigger trees

Blasting breaks up the hard subsoil, enabling the trees to root deeper. It permits proper moisture storage capacity in the soil; it saves labor and money. Trees in blasted beds grow faster, bear earlier and yield better. For subsiding old orchards or blasting beds for new plantings we sell and recommend

## GIANT FARM POWDERS

## The Bridge-Beach
